## Millerand Chosen as Candidate for French Presidency

Leon Bourgeois and Raoul Peret Out of the Running;  
Indications in Paris That Election of Premier Will  
Not Prove Walkover.

Paris, Sept. 22.—(Associated Press).—Premier Alexandre Millerand was chosen as a candidate for the Presidency to succeed former President Deschanel, who resigned as chief executive of the Republic because of ill-health, by the joint caucus of the members of the Senate and Chamber of Deputies in the Senate chamber this afternoon.

### Candidates Withdraw

Paris, Sept. 22.—Two of the candidates who were prominently mentioned as possible successors to Paul Deschanel in the Presidency of the Republic, declared themselves out of the running to-day. These men were Leon Bourgeois and Raoul Peret, the presidents, respectively, of the Senate and Chamber of Deputies.

Before former Premier Clemenceau left Paris last night on his hunting trip to India, he said, according to the Petit Parisien that he regarded Premier Millerand as the man best qualified for representing France in the eyes of foreign peoples.

## CANADA WONDERFUL ASSET TO EMPIRE

Is Developing Into One of  
Crown's Brightest Jewels,  
Says Stanley Machin

Opposition.  
Paris, Sept. 21.—The indications tonight were that the election of Millerand to the Presidency would not prove to be a walkover. Most of the newspapers assert that the Premier's declaration in accepting the candidacy, especially his references to a revision of the constitution, has given the opposition an opening which it will not be slow to seize and which will disquiet some of those who were inclined to support his election.

## TREATY DECLARED BEING VIOLATED

Protest Against Presence of  
Armed American Cutter  
In St. Lawrence

Kingston, Ont., Sept. 22.—The United States Government has a cruiser on the St. Lawrence with guns mounted for the purpose of suppressing violations of the liquor laws according to a protest of the local branch of the Army & Navy Veterans who have complained to the Federal Government that this is a violation of the treaty between the United States and Great Britain. The veterans say the use of naval guns on narrow waters of the St. Lawrence is a menace to shipping and Canadian homes.

American Version.  
Washington, Sept. 22.—The United States coast guard cutter Chillicothe, which is cruising on the St. Lawrence River, carries no armament which would violate the provisions of the treaty with Great Britain, concerning armed vessels on the waters between the United States and Canada. It was had to-day by Commodore W. E. Reynolds, commandant of the coast guard service.

## REHABILITATION OF RETURNED SOLDIER

Time to Cease Quibbling and  
Stride Forward, Says  
G.W.V.A. Secretary

Digby, N.S., Sept. 22.—"The time is now ripe for the returned man to cease quibbling about details and stride forward for high ideals," said C. G. McNeill, secretary-treasurer of the Dominion G.W.V.A. at yesterday's session of the annual Nova Scotia G.W.V.A. Convention here.

The Association, he declared, had always been sane and reasonable in its views toward the Commonwealth. Further aid for the returned men was necessary. Thousands of men were still arid, and the situation was rendered more acute by the Government demobilizing its re-establishment bureaus. The returned men were thinking on sane lines and the public should not be misled. They stood for a clean government and a square deal for all.

Among the resolutions adopted was one that more general recognition be given to the fundamental principle which has actuated all representations with regard to further aid in re-establishment, namely, that the obligation devolves upon the nation to make the greatest possible effort to restore the discharged soldier to a status in the community life which he would have enjoyed but for war service.

## FAMOUS ITALIAN SPORTSMAN DEAD

Naples, Sept. 22.—Senator Giustrelli, a famous Italian sportsman, is dead, according to announcement here.

## AGENTS OF RUSSIA ASKING GUARANTEES

Fear Gold Shipped to Canada  
For Trading Purposes  
May Be Seized

Government Makes Clear Its  
Position in Regard to  
Soviet Trade

Ottawa, Sept. 22.—(Canadian Press).—Agents of the Soviet Government of Russia have made requests that Russian gold, shipped to Canada to pay for goods, will be guaranteed from any other claims against the Russian Government. They are asking that any gold sent to Canada to pay for goods purchased in the Dominion will not be devoted to any other purpose; and that the Canadian Government will guarantee the Dominion Government that the gold will be so utilized. The Dominion, however, it is understood, is declining to give any such guarantee or to be involved in any way in the shipment of Russian gold. Opening up of trade relations between Canada and Russia are therefore at an impasse.

### Government's Position

The position taken by the Dominion Government is that if any individual Canadian wishes to trade with the Soviet or any other Government in Russia, he may do so, but at his own risk. There is no embargo on the exportation of Canadian goods to Russia, but the exporter will have to make his own arrangements for payment, as no credit will be furnished by the Dominion Government.

The point in regard to payment has arisen in regard to news dispatches from London that the Canadian Government has declined to send a steamer to Reval to collect five million dollars in gold to pay for goods ordered in Canada by the Bolsheviks. According to the dispatches, the Ottawa authorities might have sent a special vessel for a payment of \$15,000,000, but not for a smaller sum.

So far as can be ascertained here, no formal request has been made at all that any such special vessel shall be sent to Reval. But, in any event, the Canadian Government is not prepared to stand in with any such bureau or to be implicated with it in any way.

## Postmaster Murphy of Cleveland Gets Anonymous Warning

Cleveland, Ohio, Sept. 22.—Postmaster Murphy to-day received an anonymous letter to the effect that two wagonloads of high explosives were being brought into the city and that the Federal Reserve Bank, the Union National Bank and the Citizens Savings Bank were to be blown up before midnight. Federal authorities communicated with the police and detectives and police were rushed to each of the three institutions.

Never Intimidated.  
Toronto, Sept. 22.—(Canadian Press).—The Anglo-Saxon sometimes blunders, but he has never been intimidated, said a message from the New York Chamber of Commerce, acknowledging the Empire businessmen's greeting to New York after the Wall Street explosion. New York's message, signed by D. P. Kingsley, president of the Chamber of Commerce, told the British Congress that New York had answered the challenge of the Reds with a complete resumption of business within 24 hours.

Mr. Kingsley's telegram was read to the morning session of the Congress by Lord Desborough, the chairman. It was greeted with applause.

### LONG PRISON TERM.

Waterbury, Conn., Sept. 22.—Michael Kolachuk, charged with placing a bomb near the home of Superintendent of Police Beach, pleaded guilty yesterday and was sentenced to from ten to fifteen years in prison and fined \$1,000.

## Holiday Visitors Crowd to Agricultural Show

With ample space at its disposal, and splendid co-operation by the hundreds of exhibitors, the British Columbia Agricultural Association has arranged at the Willows a wonderful display of industrial and agricultural products, succeeding at the same time in both interesting and educating the visitors.

Shortly after one o'clock this afternoon a steady procession of automobiles commenced to file through the entrance gates, all bearing expectant burdens of visitors. The effect of the showery weather of the first two days appeared to have augmented to-day's attendance, and all the street cars were conveying capacity loads to the show.

Great interest was evidenced in the Home Products Building and the display in the main hall, many of the groups of visitors making a tour of these buildings their first objective.

Excellent preparations have been made for the handling of the public, large parking spaces await motorists and the wide spaces between the stands in all the buildings give ample room for passage even at points where exhibits of unusual interest equate throngs to gather.

Handsome Trophy.  
A handsome silver trophy has been donated by the Merchants Bank to the maker of the best general display.

## Three Federal Ministers Hold Tariff Commission Session Here; Are the Guests of Business Men

HON. S. F. TOLMIE

SIR HENRY DRAYTON

SENATOR ROBERTSON

## Prominent Limerick Sinn Feiner Slain in Dublin Hostelry

Dublin, Sept. 22.—County Councillor Lynch, a prominent Limerick Sinn Feiner, was shot dead this morning in his hotel apartment in the heart of Dublin. His assailants are alleged to have been "black and tan" police.

The murder took place at 3 o'clock this morning, according to the Press Association's account, when uniformed men entered the Royal Exchange Hotel, and going straight to the room of their victim, shot him dead.

The various versions of the affair leave it surrounded with considerable mystery. It appears, however, that at 3 o'clock after violent knocking on the door of the hotel, which is situated near the Castle, the porter admitted a dozen men who said they belonged to the military. They searched the register, discovered the name they wanted, and rushed upstairs, leaving some of their number to guard the porter with revolvers.

After five minutes had elapsed, all the men left, the porter remaining in the room, and the door was closed. The porter, who had been instructed by the military to take charge of the body in room number 6, which proved to be that of John Lynch, Kilmallock, a member of the Limerick County Council, and alleged to be a judge of a Sinn Fein court.

The police this morning were still guarding the room, to which no one was admitted, while the street nearby was full of excited crowds and a detachment of the military was parading outside the hotel.

The guests in No. 4 and No. 7 of the hotel near the chamber occupied by Lynch, said they had heard no unusual noise during the night.

## WANTED IN QUEBEC ON MURDER CHARGE

A. L. Coleman, Sentenced  
Here For Forgery, Sought  
In East

Vancouver, Sept. 22.—The Province carries the following:  
A dispatch from Montreal states that A. L. Coleman, who was sentenced to two years' imprisonment at Victoria on Tuesday on a charge of forgery, is wanted at the Quebec city on a charge of murdering Constable Chicoine at Montreal.

Coleman was also known as "Doc" Edward Durand, and was charged with the murder of Constable Chicoine at Montreal.

The statement declares the Poles have advanced along a front of thirty-three miles in length, large numbers of troops being engaged. Fierce fighting is proceeding, it is said.

## JAPANESE CONVICTED OF ATTEMPT TO SELL NAVAL DOCUMENTS

Tokio, Sept. 22.—Two Japanese have been sentenced to ten years' imprisonment on conviction of an attempt to sell documents stolen from the Yokohama Naval station on behalf of the bank.

The theft of important documents dealing with naval plans from a trunk of a lieutenant in the naval school of gunnery at Yokohama was reported in a Tokio dispatch July 19. A message from Tokio July 22 said a naval lieutenant had committed suicide.

### POSTMASTER STOOD FIRM.

New York, Sept. 22.—Will H. Hays, chairman of the Republican national committee, speaking last night of his recent trip through the western states said: "There are lots of Castle Hills in the West. Castle Hill is a town in Maine, which the other day cast 101 votes—one hundred Republican and one Democratic. The postmaster seems to have stood firm."

## PREMIER TO WELCOME MR. MACKENZIE KING Members of B. C. Cabinet To Be on Liberal Leader's Platform

Hon. John Oliver, Premier of British Columbia, will extend the welcome to the Hon. William Lyon Mackenzie King, M. P., leader of the Canadian Liberal party, when he will open his speaking tour of Canada at the Arena here next Monday night. The Premier's address of welcome will last fifteen minutes. It was announced to-day by W. M. Ivel, President of the Victoria Liberal Association.

Members of the Provincial cabinet are to occupy seats on the platform. About two dozen women prominent in political and social life will also take platform seats.

Scores of old-time Liberals have come forward to accept the invitation of the Liberal Association to occupy seats of honor. A section of the auditorium close to the speaker is being set aside for them.

From 10 o'clock until 11 o'clock in the morning, a trip up the Malahat and through the Saanich Peninsula is being planned for him.

## PREMIER HARA HOPES FOR SETTLEMENT OF CALIFORNIA QUESTION

Tokio, Sept. 22.—Hope that negotiations between the Japanese and American governments over the California question would reach a settlement in view of the historical friendly relations between the two countries, was expressed by Premier Hara in addressing Provincial Governors here to-day. He declared he could not make any definite statement as to the progress of the work.

Racial Equality.  
Tokio, Sept. 22.—(Associated Press).—The Japanese Government, as a result of yesterday's meeting of the Cabinet, will, in the first place, vigorously pursue the negotiations concerning American anti-Japanese legislation and, in the second place, will push firmly the question of racial equality in the League of Nations conference, according to the Hochi Shimbun to-day. These decisions will be considered further at to-day's meeting of the Diplomatic Advisory Council, the newspaper said.

## BRITISH DELEGATES TO PILGRIM TERCENTENARY

New York, Sept. 22.—A delegation from the British branch of the Pilgrimage and the Anglo-American Society to take part in the Tercenary celebration of the landing of the Pilgrims and the first American legislative Assembly at Jamestown, arrived here to-day on the steamer Whip Carman.

The British delegation is headed by Lord Rathcreedan, a former captain of the Royal Canadian Landers, who is accompanied by Lady Rathcreedan. Other members of the party include Admiral Sir William Lowther Grant, Sir Arthur Shipley, Vice-Chancellor of Cambridge University, Professor Frederick Ponkes-Jackson, of Cambridge; Colonel H. W. Edwards, John Blair Macafee, English banker; Stanley Uggles, a retired manufacturer and member of the Anglo-American Society; H. S. Peris, secretary of the British branch of the Pilgrimage and the Anglo-American Society; and George McKinley, a member of the American Luncheon Club, of London.

With representatives of Canadian, British and Dutch Governments, they will go to North America for celebrations there October 4, 5 and 6.

## ONTARIO BY ELECTION DATE IS ARRANGED

Toronto, Sept. 22.—The Ontario Government has decided to hold the Northeast Toronto by-election on Thursday, October 28.

The seat has been vacant since the resignation of Hon. Dr. Cody, Minister of Education in the Hearn administration.

### CONSTANT THREAT

Rome, Sept. 22.—Suggestions that all arms manufactured and possessed by workers be handed over to the authorities is made by the Messagero, which says that if the men retain these arms it will be a constant threat against public tranquillity.

## Must Keep Tariff as Guard, Victoria Manufacturers Say

Some Tell Drayton Commission They Are Producing  
More Cheaply Than American Firms, But Want  
Local Markets Held Secure So They Can Expand.

Victoria manufacturers appeared before the Canadian Tariff Commission at the Board of Trade rooms to-day and appealed that nothing be done to injure trade in this country in the way of doing away with the tariff. Senator Gideon Robertson, Minister of Labor, and the Hon. S. F. Tolmie, Minister of Agriculture, sat with Sir Henry Drayton, Minister of Finance.

E. S. Woodward, secretary of the Trades and Labor Council, was the only person to appear for the consumer.

Mr. Woodward declared that the "tariff was the cruellest way of raising a revenue," as under it the poor man is taxed the same as the rich man and the man with twelve children pays twelve times the tax that the man with one child does. He asserted that most of the unrest here is due to economic causes.

## FRANCE TO DISCHARGE FINANCIAL OBLIGATIONS

Paris, Sept. 22.—France will pay every dollar of the \$250,000,000 loan due in New York, October 15, Francois Marcel, Minister of Finance, officially announced to the Cabinet Council to-day. This sum is France's share of the \$500,000,000 Anglo-French loan floated in the United States during the war.

Francois Marcel informed the Ministers that the French treasury already had shipped to the United States \$19,000,000 in gold and securities. He added that the success of the \$100,000,000 loan contracted through J. P. Morgan & Company would permit the picking up of all notes due on October 15. This was expected to be the last Cabinet meeting of the Millerand Ministry.

No Other Schemes.  
The commission expects to sit shortly after noon.

"Is there anyone who has any ideas as to how we can raise the vast sum of money for the Government of the country without hurting anyone?" Sir Henry Drayton asked.

No one spoke.

"Well, we'll adjourn then," he said. He made it plain, however, that although there will be no more sessions, the commission will be in Victoria until to-morrow, and if anybody has any scheme of free trade or tariff plan or way of raising government revenue, the commission will be listening to him.

## HOSPITAL DONATED BY HOHENZOLLERN Former German Emperor Figures in Orange Gala At Amerongen

Doorn, Holland, Sept. 22.—William Hohenzollern, former German Emperor, promises to be the central figure of the gala week which began yesterday in this city and in Amerongen, which for more than a year has been the home of the former monarch. He has given 1,000 guilders to the committee in charge of the National Orange Celebration at Amerongen, where the streets have been decorated with the proceeds of his gift.

The climax of the celebration will be the formal turning over by William to the President of the Order of the Knights of St. George's hospital at Amerongen, which was built and furnished by the former Emperor as a memento of his stay there.

This will be followed in a few days by the wedding of Elizabeth von Bentinck, daughter of Count von Bentinck, who was William's host at Amerongen, to Captain Heman.

Freights Lower Here.  
Farmers in Western Canada have had the benefit of lower freight rates on agricultural products than those in any other country in the world, but the national policy of protection with the resultant industrial growth was necessary to make successful the railway development of the Dominion. Nothing is more certain than that our transportation services could not have attained their present magnitude and efficiency without industrial expansion, which has enabled distribution of operating costs over a large volume of traffic and provided a large margin for Canadian carriers conveying grain from the prairies.

Farm Freights Profitable.  
The average 320-acre farm in Western Canada brings to the railways a gross revenue of between \$750 and \$800 per farm in freight and passenger receipts. If our industrial development had not been promoted through a protective tariff, and if, consequently, the railways were obliged to derive this revenue in larger measure from the handling of farm products alone, the expenses to the western agriculturists of marketing their grain would be much higher than now and in many cases the farmers would be unable to compete with the grain growers in other countries where such long inland hauls are not necessary. Local traffic, too, due largely to the springing up of cities and non-agricultural activities, has contributed largely to transportation revenues and enabled the maintenance of low freight rates on export grain.

## Estimate of Great Britain's Need of Grain From Canada

Ottawa, Sept. 22.—An estimate of Great Britain's probable requirements in imports of wheat, barley and oats during the next twelve months, furnished the Department of Trade and Commerce by Trade Commissioner Harrison Watson, gives the following totals:

Wheat 21,500,000 bushels, barley 50,000,000 bushels; oats 20,000,000 bushels.

The estimates are based on the official forecast of the United Kingdom yields, which have still to be confirmed by actual results.

## Louisiana Coast Swept by Tropical Hurricane

New Orleans, La., Sept. 22.—A tropical hurricane last night hit the Louisiana coast, striking with full force at a point close to Morgan City. Dr. L. M. Cline, district forecaster of the local weather bureau, announced to-day.

With wires down between here and points along the Gulf coast to the west, weather bureau officials to-day were experiencing extreme difficulty in obtaining information from the section where the storm passed inland.

Southern Pacific Railway officials said their trains from that section were being greatly delayed because of high water and destruction of telegraph wires.

Anxiety was expressed here for the sugar and rice crops. Morgan City is close to one of the greatest rice growing sections of Louisiana. To the north sugar plantations of the Tchala country were believed to have been in the direct path of the storm.

## THE COMMISSION EXPECTS TO SIT SHORTLY AFTER NOON

"Is there anyone who has any ideas as to how we can raise the vast sum of money for the Government of the country without hurting anyone?" Sir Henry Drayton asked.

No one spoke.

"Well, we'll adjourn then," he said. He made it plain, however, that although there will be no more sessions, the commission will be in Victoria until to-morrow, and if anybody has any scheme of free trade or tariff plan or way of raising government revenue, the commission will be listening to him.

Freights Lower Here.  
Farmers in Western Canada have had the benefit of lower freight rates on agricultural products than those in any other country in the world, but the national policy of protection with the resultant industrial growth was necessary to make successful the railway development of the Dominion. Nothing is more certain than that our transportation services could not have attained their present magnitude and efficiency without industrial expansion, which has enabled distribution of operating costs over a large volume of traffic and provided a large margin for Canadian carriers conveying grain from the prairies.

Farm Freights Profitable.  
The average 320-acre farm in Western Canada brings to the railways a gross revenue of between \$750 and \$800 per farm in freight and passenger receipts. Local traffic, too, due largely to the springing up of cities and non-agricultural activities, has contributed largely to transportation revenues and enabled the maintenance of low freight rates on export grain.

## DUTCH MINISTER AT VATICAN IS PROPOSAL

The Hague, Sept. 22.—Proposals that Holland maintain a Legation at the Vatican were made by Foreign Minister Van Karnebeek, in presenting estimates of his department before Parliament here to-day. He said Dutch representation at the Vatican was desirable in the Nation's interests because the Vatican is becoming a more important centre for diplomatic communication and information.

## EXECUTION RECORD

## IN ILLINOIS STATE

Twelve Men Under Sentence To Be Hanged on Murder Charges

Chicago, Sept. 22.—All records for legal executions in Cook County and possibly in the State of Illinois, will be broken here October 14 and 15, county officials believe, when twelve men are sentenced to be hanged for murder.

Eight of the men are under sentence to die October 14 and four on the following day. In addition two other slayers who have been convicted are awaiting sentence, and it is possible that they also may hang on one of the two days.

Chicago has had several wholesale executions in the past—the most notable on November 11, 1887, when four of the Haymarket rioters were hanged—but nothing in the memory of jail officials approaches a death list of twelve in two days.

Hangings in the Cook County jail take place in the corridor of one of the main cell blocks. There is just room for a double gallows, so it is probable, according to George F. Leese, the jailer, that the men will be executed in pairs. The hangings will cost the State approximately \$3,000, including a \$100 fee for the sheriff for each man hung.

Those to be hanged October 14 are Sam Cardinella, leader of a blackhand gang, whose members confessed several murders; Nick Viani, Thomas Errio, Frank Campione, Sam Lopez, Joe Castanzo, Sam Ferrara and Henry Reese, the latter a negro.

The October 15 list includes Arthur Haensel, Richard Wilson, Harry Andre and Frank Zager. Haensel, who killed his wife, was to have been executed last Spring but was granted a reprieve five minutes before he was to have marched to the gallows. He stated, to his telegram of protest against the Dominion game regulations in regard to migratory birds, and which he ordered to be taken down by provincial officials.

Before leaving for Victoria Hon. Mr. Farris will arrange for the taking of the prohibition plebiscite on October 29.

## SUGAR COMING DOWN.

Vancouver, Sept. 22.—For the second time this month the price of granulated sugar has been reduced by the Vancouver Refinery, making this figure to the retailer 19.50 per hundred. The 50-cent drop was announced yesterday. Other grades of sugar are down in proportion.

Love is blind, but experience is a mighty goor oculist.

## FRANCE DEVELOPING COLONIAL RESOURCES

In Wealth, French Possessions Rank Next to British Colonial Empire

New York, Sept. 22.—Unusual progress in the development of commerce and natural resources in the French colonial possessions and dependencies has brought them wealth ranking next to that of the British colonial empire, according to a survey made public here by the French Commission.

The French colonies, with an estimated population of 50,500,000, have an area of 4,000,000 square miles.

Total exports from the colonies in 1917, with the exception of Algeria and Tunisia were valued at approximately 1,108,000,000 francs. Since 1914 exports in the various possessions increased from 35 to 100 per cent. The increases are attributed to the thrift of natives following the war's ending.

Total Algerian exports in 1919 were more than 1,324,000,000 francs, an increase of about 558 millions over 1918.

The port of Algiers alone handled exports approximating 75,153,000 francs, an increase of 200,822,000 francs, according to estimates. Chief imports were cotton, clothing and linen, skins, coal, sugar and coffee.

Chief exports were wines, fruit, tobacco, wheat, oats, barley and wool. Amounts of imports and exports were greatest in the order mentioned.

National roads in Algeria have a length of 3,310 miles, while 2,203 miles of railway were open for traffic in January, 1919.

Tunisia, essentially an agricultural country had bumper grain crops in 1919, as follows: Wheat, 6,500,553 bushels; barley, 5,428,223 bushels; oats, 2,447,722 bushels.

The Spring estimate of 1920 harvest on the French zone of Morocco valued the crops at 1,000,000 francs, and it was expected there would be a large surplus for export, the survey states.

Exports to France in 1918 were valued at 82,062,880 francs, the imports at 155,224,925 francs.

The French possession in Indo-China consists of five separate colonies with an aggregate area of 1,960 square miles. Rice, sugar, cotton, coconuts, coffee and ground nuts are grown. The principal export from Pondicherry, the chief possession, is oil seeds.

French Indo-China has a population of about 17,000,000. The territory tributary to Saigon is almost entirely agricultural, being one of the great rice regions of the world. The minerals are coal, lignite, wolfram, tin and zinc.

In the other possessions including Madagascar, French Equatorial Africa, French Somaliland and French West Africa, which is the largest of the colonies, commerce has almost doubled since 1914, the survey says.

French West Africa, comprising Senegal, Haut-Senegal-Niger, French Guinea, the Ivory Coast, Dahomey, the military territory of the Niger and Mauritania, covers approximately 1,440,000 square miles. The general budget amounts to about 25,000,000,000 francs annually. The agricultural resources are most important.

Production of cotton in the colonies is growing, while jute, agave and sisal are cultivated extensively. Rubber is the most important product in the forest regions. Cattle raising has increased. The mineral wealth is great. The commerce of this possession increased 50 per cent. since the French administration was created in 1895.

The French colonies, consisting of Guiana, Martinique, Guadeloupe and St. Pierre and Miquelon are principally noted for their lumber products, sugar, rum, cocoa and codfish. Agriculture takes an important role in the smaller provinces, especially in New Caledonia, said to be one of the richest countries in the world.

## TYPHOID VICTIM.

Geneva, Sept. 22.—George Nasmyth, of Ithaca, N. Y., American Sociologist and internationalist, died of typhoid fever here Monday.

## A Blood-Food Discovered That Entirely Overcomes Anaemic Weakness

CAREFULLY INVESTIGATED REPORTS ESTABLISH TRULY WONDERFUL RESULTS.

Heretofore it has often been a hopeless task for a man to gain strength or weight, gain either strength or weight. Neither food or medicine in many instances had beneficial effect.

What was actually a perfect blood-food, containing such elements as iron, has at last been produced, and when taken after meals will put new life and vigor into people that have resapsed of ever being strong again.

This wonderful blood-working treatment consists of taking two small chocolate-coated Ferrozone Tablets at the close of every meal.

This wonderful blood-food supplies nourishment, vim energy—sends a stream of vigorous, strengthening blood to every nook and corner of the body, makes every muscle and fibre sing with new-found life and health. That gnawing tiredness leaves you, and you pick up fast. Day by day your appetite improves—this means your food is transformed in nutriment that will build and energize weak organs. The inclination to worry passes away because Ferrozone imparts nerve just as good, may soon be using the tariff for protection as well.

"Now I have set before you the two principles, if protection is right, then the latter tariff should be adopted. In the opinion of the Government protection for this country is right, and, indeed, essential, and the adoption of any other principle will be false to the teachings of the past and would soon spell unemployment, hard times and a smaller and weaker Canada. That is the principle of the trade policy—the Government stands for," said the Premier.

## Do It Now or in the Morning

## PULP DEVELOPMENT IN NEWFOUNDLAND

British and Norwegian Companies To Exhibit Resources of Island

St. John's, N. F., Sept. 22.—Important development of the great pulpwood resources of Newfoundland is about to be undertaken under grants to two pulp and paper manufacturing companies made at the last session of the Colonial Legislature. One of these companies is British, the other Norwegian.

The mills of the British concern will be located at Bonne Bay, half way up the west coast. This port is the centre of winter herring fishing activities. In its vicinity are large areas thickly wooded with spruce and fir, through which flow rivers which will afford good water power as well as facilities for floating logs.

Bonavista Bay, on the east coast, is to be the site of the Norwegian company's mill. Cod-fishing at present is the great industry there.

Backward from the bay runs a series of well wooded valleys, drained by rivers of good size.

At present the only pulp and paper mills in the island are at Grand Falls, in the interior, where the Anglo-Newfoundland Development Company some years ago established an extensive plant which supplies the Northcliffe papers in England with most of their paper.

Before the war capitalists were negotiating for other similar projects. Now that the survivors of the Newfoundland regiment are at home again and the supply of labor appears satisfactory, the world-wide demand for paper has stimulated new efforts. Negotiations are under way looking toward exploiting large tracts of spruce on the south coast.

The extensive timber holdings of the Reid-Newfoundland Company, obtained as part of their compensation from the Government for opening up a large part of the colony with a railway line, also are expected to be utilized for pulp-making in the near future. Still another project in contemplation is the establishment of paper and pulp mills, sawmills and veneer mills for the manufacture of birch into boxes and barrels, at St. George's, on the west coast.

The company promoting the St. George's enterprise is composed of British and American capitalists, who control 1,500 square miles of timber land in that vicinity and 1,000 square miles bordering on Grand Falls, the largest body of water in the colony. The upper end of the lake has direct rail connection with St. George's.

Several years ago the manager of the Grand Falls mills testified at a hearing by an American commission at Washington that paper could be manufactured about seven dollars a ton cheaper in Newfoundland than in the United States. Paper men say that the margin at present is larger.

## PREMIER MEIGHEN ON PROTECTION-POLICY

Sherbrooke, Que., Sept. 22.—The Right Hon. Arthur Meighen, Premier of Canada, inaugurated his campaign in the Eastern Townships yesterday, which included visits to Lennoxville, Compton, Stanstead, Coaticook and Waterville, and winding up the programme by addressing a gathering of some 5,000 here last night.

After stating that he saw little reason to defend the record of the Government, the Premier took up the tariff question.

"You have two kinds of tariff, and only two," he said. "You can have a tariff founded on one principle, that of protection, or on another principle, that of free trade. Great Britain had a free trade tariff. For sixty years she collected large revenues, but she put a tax on nothing except on goods that could not be made in her own country. That was a free trade tariff; there was no protection about it."

"A protective tariff places a duty on imports, not only for the protection of revenue, but as well to encourage production of goods at home instead of their importation. Such a tariff Canada has had for forty-two years. Great Britain the United States has had for 131 years, and such a tariff every great nation in the world today has except Great Britain alone."

Great Britain is now protecting and encouraging her home industries by a dozen or more different devices, and according to Dr. Beland and other authorities just as good, may soon be using the tariff for protection as well.

"Now I have set before you the two principles, if protection is right, then the latter tariff should be adopted. In the opinion of the Government protection for this country is right, and, indeed, essential, and the adoption of any other principle will be false to the teachings of the past and would soon spell unemployment, hard times and a smaller and weaker Canada. That is the principle of the trade policy—the Government stands for," said the Premier.

## Fair Week at Mallek's

YESTERDAY we told you about our extensive lines of Suits, Coats and Dresses. To-day we mention All-Wool Sweaters from \$9.75.

These are shown in a multitude of choice weaves and colorings. They have the popular tuxedo collar. We also show a full line of large Shawls—specially featuring the wide fringe.

Skirts in a wide range of smart styles and materials.

## COULD HARDLY KEEP UP STEAM SAYS FIREMAN

Irvine Was So Run Down He Was Tired Out All the Time—Says Tanlac Completely Restored Him

Still another well-known railroad man to come forward with an unqualified endorsement for Tanlac is Charlie Irvine, of 2050 York Street, Vancouver, B. C. Mr. Irvine has made Vancouver his home for the past two years, and is employed as fireman on the Canadian Pacific Railway, his run being from Vancouver to North Bend. Here is what he has to say:

"Before I began taking Tanlac I was in a badly rundown condition, and my appetite was so completely played out that often even the smell of food would nauseate me until I couldn't eat a thing. I had such severe headaches that they nearly drove me frantic, and at times my back pained me so bad right over my kidneys that it was an effort for me to keep a good head of steam in the old engine."

"Some days it was all I could do to hold out at my work, and I'll tell you I was mighty glad when my run was over and I could go home and rest. At night I was so restless I could scarcely sleep, and many a morning I would get up feeling as tired as when I went to bed the night before, and simply dreaded to go to my work."

"Well, it wasn't but a little while after I started on Tanlac that I began to pick right up, and now since taking six bottles of the medicine my appetite is so big I can hardly eat enough to satisfy it. I haven't had a headache since I finished the second bottle, and that awful pain has entirely disappeared from my back. I've gained in weight and strength until I feel like my old self again, and now get real pleasure out of my work. Tanlac has certainly built me up, and put me in fine condition, and I'm glad of the opportunity to let others know what it's done for me."

Tanlac is sold in Victoria by D. E. Campbell, corner Fort and Douglas, and Lang's Drug Store, Esquimalt Road.

## TRUCK LOAD OF WHISKY SEIZED

Vancouver, Sept. 22.—A motor truck carrying one hundred cases of whisky was seized here by the police early this morning. G. B. Chitachin, who gave his address as Bostonian Apartments, Seattle, and James Solen, Seattle, were arrested and charged with having liquor in their possession. The men deny any knowledge of the truck and its cargo.

## WOULD HAVE TIPPING DECLARED ILLEGAL

Vancouver, Sept. 22.—"Tipping" will be discussed by the Legal and Legislative Bureau of the local Board of Trade on Friday next with a view to the Dominion Government being asked to pass legislation making it a crime.

## PILES

Doesn't hurt a bit! Drop a little Frezzone on an itching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Truly! Your druggist sells a tiny bottle of Frezzone for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

# COLGATE'S "HANDY GRIP"

## The Refill Shaving Stick

When you buy a shaving stick see how much SOAP you are getting, and whether you can use *all* of it.

## The Thrifty Shaving Stick

The most economical form of shaving soap is the stick—we make Shaving Stick, Powder and Cream, so we are in a position to give this disinterested advice.

The "Handy Grip" is the Thrifty stick that gives a plentiful, softening lather, using up but little soap. No waste in Colgate's—you can *unscrew* the last half inch and stick it on a new stick, as illustrated.

## POLICE SPRAY

### LEAD BY NEW GUN

Submachine Weapon, Shoots 1,500 a Minute, For Chasing Criminals

New York, Sept. 21.—The Police Department has officially adopted the new submachine gun invented by Gen. John T. Thompson, Director of Armaments and in charge of small arms production here during the war. Five of these guns, which weigh only seven pounds each and fire 1,500 shots a minute, were turned over to Capt. Chas. E. Schofield, head of the training school for policemen at Police Headquarters.

A demonstration of the gun will be made at the 71st Regiment Armory, 34th Street and Park Avenue, after which five more of the weapons will be bought and the whole ten turned over to the Riot Squad for use in riots and in chasing thieves and other law breakers who attempt to escape in automobiles.

The submachine gun is manufactured by the Auto Ordnance Corporation. Its inventor, who won a Distinguished Service Medal in the war, claims it is the simplest gun in existence. It has only eleven parts, will fire ball cartridges or buckshot and has a range of one mile. It is a machine gun in the form of a large pistol, carried under the coat for instant use.

It is claimed that with the submachine gun an inexperienced man can fire with the effect of an expert marksman and that moving targets can be hit easily by "spraying them with bullets with the ease of a fireman spraying a hose on a flame."

It is not operated by gas, but by simply pressing an attachment the bullets pour forth.

## NO REDUCTION IN LUMBER FREIGHTS

Portland, Ore., Sept. 22.—No promise of reduction in present rates on lumber was made by the traffic officials of transcontinental railroads serving the Northwest at the conference which ended here yesterday.

They stated to the lumbermen that traffic officials of the railroads will meet in Chicago, October 6 to review the lumber rates and arrange for the re-issue of tariffs making such rates, and that the lumber-shippers would be given an opportunity to present their arguments at the meeting.

## GENERAL REDUCTION IN FORD AUTOMOBILES

Detroit, Mich., Sept. 22.—Re-establishment of pre-war prices on all products of the Ford Motor Company, effective immediately, was announced yesterday by Henry Ford. The price reductions ranged from approximately fourteen per cent. on motor trucks to thirty-one per cent. on small automobiles. The announcement of price reductions is made despite unfilled orders for 146,065 vehicles.

## MAN ELECTROCUTED.

Saskatoon, Sept. 22.—When he came in contact with a live wire while working at the top of a forty-foot pole here yesterday afternoon, Leslie Tamblin, a lineman employed by the city, was electrocuted. He died as he reached the hospital. The shock threw the man completely over the crossarm of the pole, and his body was badly burned. Tamblin's mother and brother live in Spokane. Another brother resides in Vancouver.

## DIED ON TRAIN.

Perth, Sept. 22.—J. W. Dill, eighty years of age, who has been assistant postmaster at the Parliament Buildings in Toronto for nearly twenty years, died suddenly on the west-bound train here yesterday. The immediate cause of death was heart failure, though Mr. Dill had been in poor health for some time. He was accompanied by his wife, and they were en route to Nelson, where two sons reside.

## SENSATIONAL CHARGES

Alleged Revolutionary Plot Revealed in Edmonton Court

Edmonton, Sept. 22.—Seditious conspiracy charges against F. A. Coyne, oil promoter of Edmonton, is well under way before Mr. Justice Simmons in the Supreme Court. Amazing stories of an army of returned veterans that was to be formed and was to take the C. P. R. building and the McLeod block in headquarters and march on the Parliament Buildings where "their rights" were to be demanded, were told by Sergeant Major John Taylor, who was to be Commander-in-Chief of the phantom army, and J. G. Jerome, who was to occupy an important position on the general staff.

Coyne came to Ponoka and visited me in my home in 1918. He said he was the same in Canada as Trotsky and revolutionary leaders in Russia. He said he was going to start a revolution in Canada and that the Governments were rotten. He was cursing all the leaders of the Government and both the Provincial and the Dominion Governments. It got too strong for me and I said: "That's an awful way for a man like you to talk," and he replied: "To Hell with the King."

This is one of the strongest pieces of testimony yet adduced in the seditious conspiracy against Coyne, and was given yesterday in the Supreme Court under oath by Fred W. Dickau, of Ponoka.

Coyne is conducting his own defence. The case for the crown against Coyne, closed in the afternoon after a dozen witnesses had given testimony regarding the revolutionary tendencies of the accused in the Fall of 1918. Upon the application of the accused who asked for time to plan his cross-examination of one of the important witnesses for the Crown the case was adjourned until Thursday morning when Coyne indicated he would call his witnesses.

"If any one gets killed in Canada for starting a revolution, I will be the first to die," was the statement attributed to Coyne by John Fischer, of Ponoka. He testified that Coyne said he had men in Russia studying Bolshevism, and that he had plans for taking of the City of Edmonton. Coyne claimed he would be backed by returned men, and all he needed was leaders for them. In cross-examination, Fischer admitted he was a German citizen.

"The Trotsky of Canada and the leader of the revolution," was the way Coyne put his position to Sam Dickau, according to the latter's statement. Dickau stated Coyne had come to his place near Ponoka talking revolution and tried to get a line on the farmers as to how they would feel towards it. He stated the accused had talked about oil and about pistols he had ordered. In cross-examination he said that it was pretty hard to believe that Coyne meant all he said. He understood that the Parliament Buildings was for no other purpose than to demand the right to sell oil shares in the Province.

Munro Hunter, former manager of Kingston-Smith Arms Co., declared that he had received no order for arms, although he had sold Coyne belts, revolver holsters, shell bags and ammunition, but there was nothing suspicious about that, he thought.

CANADIAN SHOES FOR CANADIAN PEOPLE

## Canada—Why?

Is it really worth while to develop institutions and industries which are distinctively Canadian, and which promote the welfare and prosperity of the Canadian people? Of course it is!

Are we wasting our time and energy in training Canadian ability and encouraging Canadian enterprise? Of course not!

CANADA is more than an accident of geography.

The magnificent record of effort made by Canadians in the great European struggle bears witness that the peaceful and unhindered development of the Canadian ideal should be maintained.

The future of Canada depends upon the sincere and earnest self-expression of Canada's millions of workers—at the plough, the loom, the forge—in the factory, the office and the home. And loyalty to Canada is best expressed, not in bursts of patriotic emotion on state occasions, but in supporting and sustaining Canadian enterprise and Canadian industry.

Canada produces footwear of every desirable type, and of standard quality in all grades. Buy Made in Canada Footwear and you are then assured of the utmost that modern skill can produce in Comfort, Fit and Style.

## DAMAGE TO GRAIN BY HEAVY RAINS

The Lower Mainland Growers Will Suffer Serious Loss It is Reported

Vancouver, Sept. 22.—That the people of the coast have no idea of the damage to standing grain as a result of the heavy and largely continuous rains of the past week or so, is the statement made by J. W. Berry, of Langley Prairie, president of the

Fraser Valley Milk Producers' Association. Mr. Berry said that while he had not covered the entire district known as the lower mainland, he had had an opportunity of conversing with leading farmers of the various sections, and as a result he had formed the opinion that the growers would suffer to the extent of almost a million dollars on the oat crop alone.

Mr. Berry says the hay was safely harvested when the first rains came but the proportion of oats cut and in the barn was very small. It was true, he said, that after the first down-pour some of the farmers got a part of their oats in and partly dried, but even this stock had to be sold at a considerable sacrifice to move it. The farmers who could not get their oats in between rains will probably lose their entire crop inasmuch as much of the standing stuff is being gradually pounded into the dirt with the result that sprouting is starting.

Mr. Berry went on to say that the loss in a serious one to the farmers along the Fraser. In Surrey alone the damage, he said, would total \$300,000. It would mean that the grower would have to dig into his reserve to purchase feed for the winter, and those who had no reserve would be obliged to borrow. He said that around Langley the root crops were in excellent condition, but in the lower lands of Surrey, rotting was starting in some of the fields.

THE TARIFF COMMISSION.

The members of the Tariff Commission are no strangers to Victoria. Sir Harry Drayton, Minister of Finance, and Hon. Gideon Robertson, Minister of Labor, have been here before and have met various local organizations in connection with matters affecting the public interest. On those occasions, however, they came as Departmental heads, and they had abundant reminders of the fact. On this visit, with the Hon. Simon Tolmie, have to confine their duties to an inquiry as special Commissioners into what Victoria witnesses have to say on the question of the tariff. Hon. James Calder, the other member of the Commission, will join his colleagues later.

It is with no intention of impugning the good faith or ability of the Commission that we express the opinion that the consuming public need expect no relief to flow from its investigations. How, indeed, could the public reasonably hold such an expectation in view of the fact that while the Commission is conducting its tour of inquiry, the head of the Government, of which the Commissioners are members, is declaring in speeches in the East that the policy of protection would be maintained to the last ditch by his Administration? Mr. Meighen's speech at Sherbrooke yesterday, and reported in today's newspapers, is explicit and specific on that point.

The question inevitably arises, why then, the Tariff Commission? The answer is that either the Commission is a political stratagem to side-track the tariff issue until the next election, and therefore is a waste of time and public money, or it is expected to establish a case for more protection, which means, a further levy on the consuming public's pocket-book. One alternative is as bad as the other.

It must be annoying to the members of the Commission to read the announcements from the Prime Minister to public meetings in the East that under no circumstances will the Government modify its policy of protection. It certainly injures the Commission in the eyes of the public which naturally is forced to assume that either the report of the Commission has already been earmarked in favor of the present tariff or still more protection, or it recommends a downward revision of the tariff. It will be buried in oblivion. Perhaps, it is for that reason that there is no rush of witnesses to present the consumers' side to the Commission. In any case, Mr. Meighen's declaration of fiscal policy is not helping the Commission to ascertain just what the Canadian people think of the tariff and wherein they desire it to be altered.

## THE DRYDOCK.

Advertisements calling for tenders for the Government's drydock at Esquimalt have made their appearance in the public press and there seems to be nothing whatever to prevent the commencement of this highly important enterprise by the end of the year. Dr. Tolmie's announcement yesterday was an extremely welcome one. And although it has looked at times as if the authorities at Ottawa had trained the wrong end of the telescope on Skinner's Cove, we always have been confident that the work would be carried out in view of the Government's pledge and the fact that the dock was part of a policy of national defence of years standing. With definite proof now obvious we congratulate both Dr. Tolmie and Mr. McIntosh upon the successful result of their efforts to convince the Government that the time to apply the policy was considerably overdue.

## THE COAL STRIKE.

When the triple alliance of workers meets in London to-day it is expected that Mr. J. H. Thomas, the most striking figure in British Labor at the present time, will propose that a mediatory interview be sought with the Government in an endeavor to avert a general strike in the coal mining industry. Unless that is agreed to a calamity for British industry appears almost certain. Sir Robert Horne has definitely refused to grant the wage increase or even to consider it unless the Miners' Federation makes up its mind to talk about greater production. The men take the stand that the unconditional increase of fifty cents per shift must be taken as the basis upon which other things might be discussed. The deadlock, at the moment, therefore, is about as complete as it could be. At its last gathering Labor's triumvirate agreed that such action as might be deemed necessary to assist the miners would be taken by that all-powerful body. So far, however, it has not decided to call upon all its membership to strike in sympathy. In the meantime men of the moderate section of the Labor Party have their hands full, and if a strike is avoided by their efforts the general public will not forget it.

## FACTS ARE ESSENTIAL.

If there is a market for British Columbia iron and steel sufficient to insure the constant operation of blast furnaces and rolling mills their establishment should be completely successful. Through more than two decades this phase of the subject has constituted the fly in the ointment and nobody has offered any definite information during that time upon which a reliable estimate of the prospects might be arrived at.

The whole of the preliminary inquiry has concerned itself with the available supply of the raw material and the method of its ultimate treatment. Happily, however, there is reason to expect complete details about the all-essential market in the report which Mr. Nicol Thompson has been authorized to make by the Provincial Department of Industries. We are told that he has canvassed practically every user of iron and steel on the Pacific Coast with the result that the Government will be placed in possession of the very information that should form the basis of hope or disappointment in connection with the establishment of an industry of this character. Mr. Thompson already has stated that there is an actual market waiting to welcome the British Columbia manufacturer to the extent of fifteen hundred tons daily.

We presume, therefore, that that quantity—if continuously demanded—would warrant the launching of the enterprise. How the industry shall take shape and where is a matter for experts to decide; the point upon which the Province may congratulate itself is that there is now in existence for the first time accurate data which seems to indicate the brightest of prospects. The public will await with interest fuller details of Mr. Thompson's report.

## NOTE AND COMMENT

Health Commissioner Copeland, of New York, predicts less "flu" next winter. That does not mean that any of the ordinary precautions may be dispensed with.

"Tipping" will be discussed by the legal and legislative bureau of the Vancouver Board of Trade with a view to its translation into the realm of a crime by statutory enactment. The travelling public will say "Amen" on the day such a law goes into effect.

Mr. Meighen calls Mr. MacKenzie King a "fiscal humbug." There is so much Meighen material for a deadly retort lying around that we shall be greatly surprised if Mr. King does not take advantage of it. That Ten Million Dollar hand-out to MacKenzie & Mann, for example.

France has announced her intention of withdrawing from the League of Nations if Germany is admitted at the forthcoming convention at Geneva. There should

ought to be put upon at least another twelve months' probation. Even the bishops at Lambeth agreed that until there was some sign of contrition she should be kept on the outside. The sooner she does that, of course, the better for herself and for the League.

The world was jubilant too soon. What was thought to be the first triumph for the League of Nations has been subjected to a rude shock. Poland, that youngest state of independence, has kicked over the traces once more. This time she has refused to agree with the Lithuanian proposal after telling the League's Executive Council that she would be willing to do so. Here is an opportunity for the League to admonish one of its members according to the provisions of the Covenant.

## WHY IS A PORTION OF THE FALL KNOWN AS "INDIAN SUMMER?"

(Copyright, 1920, By The Wheeler Syndicate, Inc.)

According to the Rev. James Freeman, the name "Indian Summer" was due to the fact that the Indians were particularly fond of this portion of the year. It has a special gift of the God of the Southwest, who sends the soft southwest winds, and with whom they hoped to be happy after death. Daniel Webster stated that the early settlers gave that name to the season because they attributed its peculiar feature—the comparative heat and the ease to the burning of the prairies by the Indians at that time. Kercheval, however, gives an even more plausible explanation when, in his discussion of "Americanism," he states: "It sometimes happened that, after the apparent onset of winter, the weather became warm, the 'smoky time' commenced and lasted for a considerable number of days. This was the 'Indian Summer,' because it afforded the Indians, who during the severe weather, never made any incursions into the settlements, another opportunity for visiting them with their destructive warfare. The end of the early snow saddened every countenance and the genial warmth of the sun chilled every heart with horror. The apprehension of another visit of the Indians was painful in the highest degree. In England the same season is known as 'St. Martin's Summer,' from the fact that it properly begins on or about November 11, St. Martin's Day. The Germans know it as 'der alte Weibsumme,' while in Chile, it is called 'St. John's Summer.'

## WHERE IT STARTED

(Copyright, 1920, By The Wheeler Syndicate, Inc.)

In 1799 Nathan Read patented a primitive steam carriage, which, in spite of drawbacks, actually worked. The greatest advance in steam vehicles was made by Walter Hancock, 1824-36. His greatest improvement was in the type of boiler. The first successful gasoline automobile was invented and built by Charles D. Olden, 1889. It was followed closely by Selden. From these two came the modern automobile.

## WASHINGTON MINES WILL REMAIN OPEN

Seattle, Sept. 22.—Coal mines of Washington threatened with a walk-out of miners to-morrow to enforce demands that a recently-established wage scale be made retroactive to August 16, will remain open to provide employment for all men who wish to remain at work. N. D. Moore, spokesman for the Washington Coal Operators' Association, declared today that the operators have said no attempt would be made to use strikebreakers. Unless unforeseen developments occur to-day, the strike, affecting the mines of all but two coal companies in the state, will be effective to-morrow morning. Ernest Newsum, secretary of District No. 10, United Mine Workers of America, said to-day. The walkout has the sanction of national officers of the union, he asserted.

## Linen Shower at Y.W.C.A. Friday

A beautiful collection of cut glass and china, including hand-painted specimens and some very fine Coal-Port and Crown Derby, has been presented to the Y. W. C. A. by a general sale at the linen shower and silver tea to be held on Friday afternoon at the headquarters, 745 Yates Street. The institution is greatly in need of linen to keep the twenty-two bedrooms properly supplied, and for this purpose gifts of towels, sheets, pillow-cases, 24 by 36 inches, finished, tablecloths (24 yards by 2 yards, or 14 by 14 yards), will be gratefully welcomed. Friday's shower will mark the return to a pre-war custom, for during the war the Y. W. C. A. refrained from appealing to the public for support, waiving their needs in the interests of the many patriotic causes. It is hoped, therefore, that friends of the institution and the general public will on Friday rally to the support of an organization which is doing a splendid work for the young womanhood of the city.

## FINE DONATION OF CUT GLASS AND CHINA TO BE SOLD IN AID OF FUNDS

To hear arguments on the application of the Express Companies for an increase in rates of not less than forty per cent above the present tolls, the Board of Railway Commissioners will hold a special session in the City Hall on Monday, October 11, commencing at 10 o'clock.

Arguments favoring the granting of the increase will be submitted by the Express Traffic Association, which represents the British American Express Company, the American Railway Express Company, the Canadian Express Company, the Central Canadian Express Company and the Dominion Express Company.

## STILL PLAN UNION

Although Comrades Refuse Amalgamation, G.W.V.A. and Army and Navy Veterans Are Working

Although amalgamation of all returned soldier organizations has been turned down by the Comrades of the Great War, because of their financial standing and the fact that they admit only men who have served in the active theatre of war,

## MEIGHEN TALKS

## ON PROTECTION

Premier, at Sherbrooke, Speaks in Defence of Government Policy

Sherbrooke, Que., Sept. 22.—There is a party in Canada that really proposes free trade, has a free trade platform and intends to have free trade, and if this Government is defeated, which, believe me, is getting a lot more unlikely every day, that party will be in control of the administration and Canada will have to take the consequences," said Premier Meighen in his address here last night.

Those who must make a case against us for partisan reasons and who cannot make a case out of the truth, keep constantly asserting that this Government is a high protective Government. The very men who assert it themselves supported a Government for fifteen years that maintained a tariff of an average rate of 23.50 per cent on dutiable goods and now condemn this administration for collecting duty at a rate of approximately 23 per cent. These figures are official and those who have disputed them seem to forget that the seven and one-half per cent war tax was taken off this Spring. There is not a member of the Government who favors high tariff. We want a moderate tariff and no more than a moderate tariff, limited by the principles I have declared, cannot be declared by any reasonable human being as high. With the tariff as it is, we are buying from the United States now at the rate of one billion annually. As a consequence the Canadian dollar is worth only 88 cents across the line. Even with the tariff as it is, our imports are constantly increasing. In the face of a situation like that, can you comprehend the policy of a party that wants to take down that tariff in order that we may buy more goods over there and make less goods at home and pay heavier penalties in exchange?

"I am no more an enemy of Quebec than I am an enemy of Manitoba, and no man in this Dominion and no man who knows me has the least suspicion that I am either. I do not believe that Quebec should be isolated or Anglicized. In the great work of the construction in this Dominion the men of Quebec stood at the cradle of the Confederation and they will stand around the Council of the Dominion as long as time shall last."

## MRS. FAHEY IN RECITAL FRIDAY

To Give Farewell Programme at Metropolitan Methodist Church

At her farewell recital at the Metropolitan Methodist Church on Friday evening next, Mrs. Macdonald Fahey will give the following interesting programme with Mrs. A. J. Gibson at the piano.

- (c) At the Well.....Hakeman
- God Save the King

## EXPRESS COMPANIES ASK FOR A HEAVY INCREASE IN TOLLS

Board of Railway Commissioners to Hear Arguments Here on October 11

Operations of the Silver Tip group Stewart Camp have closed for the winter. Stringers of high grade silver ore have recently been uncovered on the property.

## Found While Berry-picking.

Finding galena while berry-picking on Nakusp Creek, one-third of a mile from its mouth, Oscar Salstrom, the well known Lardeau prospector, has proved the existence of valuable mineral at Nakusp, a locality in the Arrow Lakes not hitherto on the mining map. The nearest galena showing to Nakusp has hitherto been in the Burton neighborhood, where the Millie Mack has been a shipper for years. News of this discovery is published by the Nelson News.

Mr. Salstrom has staked a claim, which he has named the Lack Rose, and has already uncovered the lead for 300 feet. So far the assays have been for the precious metals only, the samples giving 45.1 ounces of silver, and 1.53 in gold. The galena is rather broken, but one piece taken to Nakusp was 12 inches in length.

Fred Johnson has staked a claim adjoining that on which the discovery was made.

## DRUG TRAFFIC.

Ottawa, Sept. 22.—(Canadian Press)—Evidence that certain porters and news agents on Canadian railways are implicated in the carrying of drugs across Canada, has reached the Federal health officials here and they admit only men who have served in the active theatre of war,

## NEWS AND NOTES OF THE MINES

Smelter Receipts.

Shipments of ore from the famous Nettie L. mine in the Lardeau, and from the Parnis and former high-grade of the Sandon camp, feature the weekly ore statement from the Trail smelter. The receipts for the week ending, September 7, were 7,715 tons.

This brings the total receipts of the Trail smelter for the current year to 229,030 tons of smelter feed, in which the ore amounts to 224,887 tons, and the concentrates to 4,143 tons.

## CROWDS THRILLED BY RED COATS AT FALL EXHIBITION

Troop Performs Exciting Exercises Before Willows Grandstand

Perhaps the most thrilling feature of the Fall Fair opening yesterday afternoon was the remarkable performance of a troop of Royal Canadian Mounted Police who, in their scarlet tunics, presented a striking sight as they galloped about in the race track oval.

Under the command of Inspector T. H. Irvine, the "mounties" paraded into the oval and walk-marched down the centre returning at the trot in troop formation. The body then split into half sections and sections, while the band of the Great War Veterans Association in the grandstand struck up "Bonnie of Dundee." The horses cantered along in time with the music carrying out the three-wheel, circles and waiting figures—well known cavalry exercises which require extreme skill and horsemanship.

A wonderful display of lance drill followed and then the spectacular threading-the-needle figure, an accomplishment which is possible only after long training, the maze, the serpentine and finally the charge, in which all troopers spurred their mounts and galloped forward with lances poised for the attack. Tent pegging with swords followed and then musical chairs on horseback and bareback wrestling.

The performance of the Mounted Police is being repeated every day of the fair.

## WILL NOT FRATERNIZE WITH ONE BIG UNION

G.W.V.A. Opposed To Admitting Them To Soldier-Labor Council

Great War Veterans at their meeting last night decided to refuse to have anything to do with the One Big Union and its admission to the Soldier-Labor Council.

Last week the Trades and Labor Council and the Comrades of the Great War both decided that the One Big Union should be admitted to the council so that this radical faction should have representation and that the other bodies be thus able to learn of their attitude and deal with them in open.

The G.W.V.A. last night, however, decided to turn down the whole thing, following the lead of the Grand Army of United Veterans, which turned down associating with the One Big Union on Monday night. The fifth member of the Soldier-Labor Council, the Metal Trades Council, has yet to make known its stand.

## WILL TEST OUT DUAL CLASS PLAN

Problem of Accommodation Occasions Experiment at Tillicum School

Radical changes will be instituted in the operation of the Tillicum School, as the result of last night's meeting of the Saanich School Board at Royal Oak, called mainly to decide if it be possible to accommodate the children in the Tillicum district without sending them to Craigflower.

As soon as it can be arranged, the children in the junior class will be subdivided into two sections, each under a separate teacher. Both sections will utilize the same classroom but at different times, the pupils not in the rooms being kept busy with kindergarten studies.

By this means the accommodation of the school building will be made available to a far greater number of pupils. It was last night suggested that if the scheme proves as successful in Saanich as it has been in many other centres where it is now in operation, before long the dual class system will be instituted in other overcrowded schools.

The plan is an outcome of opposition by residents in the district near the Tillicum School to sending their children past the Tillicum School to Craigflower, a daily walk of over a mile each way.

Trustee Duggan took up the fight on their behalf, and obtained the reversal of the Board's order that the school boundary in this district shall be strictly adhered to.

Alternative schemes to the protested daily walk to Craigflower were the transformation of one of the Tillicum School hallways into a classroom, and the use of the Millgrove Street church. The former proposal was vetoed by the Medical Health Officer, and the latter was found to be too costly, as a large amount of money would have to be spent before the structure would be adapted to school use.

The scheme which will now be tried out will provide for classes for one section of the junior pupils from 9 to 12:30 in the morning, and the afternoon session from 1 to 4 will be available to the other section of the class.

### TEMPTED FATE.

## ASKS NATURALIZATION ALTHOUGH BORN HERE

Miss Jeanette Grace Ross was born in Victoria in April, 1889. Today as Mrs. Blue she asked Judge Lamman to naturalize her as a Canadian citizen. She is living at 102 Niagara Street.

Court officials declared it was not necessary for a person born here to be naturalized, until she told them that she had been married to Douglas Archibald Blue, who is an American, and in this way she had been made an alien.

Registrar Oswald Barton instructed her to appear before open court on

## Keeping Fit

BY DR. SAMUEL HAMILTON.

It is because of the war that the perfect physical man has all at once become the idol of the world. You can make of yourself, even rather late in life, almost anything you like. You are not going to get fit in one day, one month, or perhaps, a year, unless you take enough outdoor exercise to keep the circulation going and practise the athlete's first principle—to keep the system clean. He does not give his body a chance to absorb poisons. He not only takes his cold shower after exercise, but he knows a cleansing of the intestines is important, and he takes occasionally a good regulator and liver cleanser, such as a dose of castor oil, or, what is much better, a tiny pill made up of May-apple, aloin and jalap, and sold by almost all druggists in the land as Dr. Pierce's Pleasant Pellets.

Keep the kidneys in good order also.

Avoid too much meat, alcohol or tea. Drink plenty of pure water, preferably hot water, before meals, and drive the uric acid out of the system by taking "Anuric" (anti-uric-acid). This can be obtained at almost any drug store.

Send a bottle of water to the chemist at Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., and you will receive free medical advice as to whether the kidneys are affected. When your kidneys get sluggish and clog, you suffer from backache, sick-headaches, dizzy spells, or twinges and pains of lumbago, rheumatism or gout; or sleep is disturbed two or three times a night. Take heed, before too late! Get Anuric (anti-uric-acid), for it will put new life into your kidneys and your entire system. Ask your nearest druggist for it or send Dr. Pierce ten cents for trial package of "Anuric."

## MAYOR APPEALS TO PUBLIC TO SUPPORT FAIR

"It is the Public's Fair," He Reminds City When Asking Patronage

Mayor Porter, President of the B. C. Agricultural Association, this morning issued an appeal to the citizens of Victoria to attend the Association's big Fall Fair, which is now proceeding at the Willows Grounds. "It is certainly up to the public to patronize the fair," His Worship declared emphatically. "The B. C. Agricultural Association has spent a large sum of money on the Exhibition this year in many directions, while the amount of labor given free by the Association directors, of course, cannot be calculated. The result of the expenditure of money and the labor willingly given has made the fair this year well worth seeing. After looking over every department, I feel that the exhibition is in every way a success—that is, as far as the Association could make it so. The rest is for the public. The directors can give a splendid exhibition, but to be a real success it must have the support of the citizens."

"And after all," the Mayor continued, "the fair is for the citizens not for the Agricultural Association. It is the public's fair, not the directors'. It is staged for the public, and the public should patronize it. If the weather remains as promising as it is at present we are hopeful that we shall have good attendances during the rest of the week, and that the fair will be a financial success as well as a success from all other standpoints. I cannot appeal too strongly for support to the exhibition."

## ABERDEEN ANGUS CATTLE

Fine Exhibits in Polled Classes at Agricultural Show Here.

Judging proceeded to-day in the cattle classes, at the Agricultural Show, a Langley Port exhibitor winning the silver medal of the Aberdeen Angus Society of Scotland, for the best champion bull. Some results are:

### CATTLE

Class B, Aberdeen Angus.  
Bull, two years—1, Charlie Hope, Langley Port.  
Bull, junior calf—1, Charlie Hope, Langley Port.

Bull, senior champion—1, Charlie Hope, Langley Port.  
Bull, junior champion—1, Charlie Hope, Langley Port.  
Bull, grand champion—1, Charlie Hope, Langley Port.

Cow, three years and over—1 and 2, Charlie Hope, 3, J. Turner, Sidney Island.

Cow, senior yearling—1, Charlie Hope.

Cow, junior yearling—1, Charlie Hope, 2, James Turner.

Cow, senior calf—1, Charlie Hope.

Cow, junior calf—1, James Turner.

Cow, senior champion—1, Charlie Hope.

Cow, junior champion—1, Charlie Hope.

Cow, grand champion—1, Charlie Hope.

Young herd, bull under 2 years, 2 cows yearlings, 2 heifers under 1 year—1, Charlie Hope.

Three animals, get of one sire—1, Charlie Hope, 2, James Turner.

Two animals, produce of one cow—1, Charlie Hope, 2, James Turner.

The Aberdeen Angus Cattle Society, Aberdeen, Scotland, offer a silver medal to the grand champion bull—1, Charlie Hope.

Ayrshires.

Cow, senior calf—1 and 2, E. A. Wells, 3, W. H. Morton & Sons.

Cow, junior calf—1, E. A. Wells, 2, W. H. Morton & Sons.

Cow, senior champion—1, E. A. Wells.

Cow, junior champion—1, E. A. Wells.

Cow, grand champion—1, E. A. Wells.

Grades herd, bull 2 years or over, cow, 2 years or over—1, Charlie Hope.

## Announcing the Fall Opening Displays Of Women's Apparel

In the selection of these new modes for the Autumn wardrobe, every single occasion was taken into consideration.

The best of the new styles, quality of fabrics, grace of line and variety are evidenced in our assortments. There are women's frocks, suits, coats, furs and blouses—to say nothing of the many important accessories which go to make the wardrobe complete.

A visit to this store will convince you of our readiness to attend to your needs.

To-day is most opportune.

## Exclusive Millinery Modes

For the New Season

Women of discriminating taste will immediately recognize in this showing hats of unusual charm and elegance; models designed with painstaking care—to express youth's subtle charm. In beauty of fabrics, delicacy of colors and superiority of workmanship, these modes are incomparable and, in addition, there is a possibility of economy everywhere.

## LIST OF LAND FOR TAX SALE IS COMPILED

Total of 1,350 Parcels Slated  
For Sale, But Number Will  
Be Decreased

When the City Treasurer's Department compiled figures on the matter over last week-end, parcels of land which will be sold in the October tax sale totalled 1,350, according to a statement given out at the City Hall to-day by Alderman W. J. Sargent, chairman of the Civic Finance Committee. This number, of course, is being reduced every day, Alderman Sargent stated. Indeed, the Treasury Office is constantly flooded with ratepayers anxious to pay up their taxes and keep their land out of the sale. It is expected by Treasury officials, Alderman Sargent said, that the big rush will occur the week before October 5, when the sale will be held. It is anticipated that the Treasury Department will be taxed to capacity then to attend to all inquiries and receive belated tax payments.

Alderman Sargent points out that a large number of the properties in the official list of 1,350 belong to big land companies which, for good business reasons, intend to delay tax payments until the last moment. In addition, the public generally always waits until the last day to pay its taxes, and in the case of people who intend to borrow money to make tax payments it is desirable for them, of course, to delay as long as possible.

"On this account it is absolutely impossible," Alderman Sargent remarked, "to forecast the size of the tax sale of the number of properties which the city will have to take over. A large percentage of people are delaying their payments and then, again, a large number are keeping their property out of the sale by taking advantage of the provisions of the Soldiers' Aid Relief. The civic authorities cannot appeal too strongly to property owners to take advantage of the relief plans offered by the city in an effort to keep the land from reverting to the Corporation. In July of this year the city took over about 870

parcels of land which reverted to it at the 1919 tax sale, and of course, it is highly desirable that this shall not be repeated next year."

## JOHNSON RELEASED BY MEXICAN BANDITS

Mexico City, Sept. 22.—Bertie C. Johnson, a British subject, who has been the prisoner of bandits in the state of Jalisco since August 10, has been freed, according to an official announcement.

## JAPANESE EXPORTS

Washington, Sept. 22.—Japanese exports during July exceeded imports by \$3,000,000, a consular report received here to-day said. The Island Empire during July sent abroad goods valued at \$157,000,000 despite the dire industrial situation experienced during the Summer.

# LETTERS

Letters addressed to the Editor and intended for publication must be short and to the point. The longer an article, the shorter the chance of insertion. All communications must bear the name and address of the writer, but not for publication unless the owner wishes. The publication or rejection of articles is a matter entirely in the discretion of the Editor. No responsibility is assumed by the paper for letters submitted to the Editor.

## RENTALS.

To the Editor:—The head lines to the report of business transacted at the general meeting of the Victoria Real Estate Exchange printed in Saturday's Times gives a very erroneous impression to the public, and one absolutely at variance with the facts. Mr. Burrell's motion did not fall through, but was strongly endorsed by every speaker except one. After some discussion the wording of the resolution was altered, recommending that rents be raised so as to bring in a return of six per cent. net to the owners on residential property after taxes, insurance and maintenance charges were made. Mr. Burrell's resolution as amended was passed unanimously, and when given effect to will mean rent-increases in the majority of cases from 25 per cent. to 50 per cent., as it is notorious that house property, except in rare cases, is not bringing more than 3 per cent. net on a fair valuation today. At the same time 1924 Victoria Bonds are returning 5.54 per cent. on the investment and with no worry, trouble or deductions to the investor. Not until rents are bringing in a reasonable return on the invested capital can we expect any increase in house accommodation in Victoria.

ALFRED CARMICHAEL,  
President Victoria Real Estate Exchange.

Ed Times.—Both daily papers reported the resolution Mr. Carmichael refers to as having failed to carry. The Times representative at the meeting adheres to his original report.

## CHURCH TAXATION.

To the Editor:—In the judgment handed down, respecting the Roman Catholic Church, it looks as though churches are to be exempt from taxation. If this be true, our liberty and justice have been outraged, and I for one make outcry.

The support of the Christian religion is necessary, because the world needs it. It is a privilege as well as a duty. All people benefit, more or less, because of religion. If they do not or will not contribute to its support, they lose the blessing of giving; nevertheless, they are not to be coerced to pay for any person's religion.

The city states to lose thousands of dollars because a church refuses to pay, what in the nature of taxation, is an honest debt. Who will have to make this good? All the taxpayers. Suppose they refuse? Then the city will make them pay, by interest (usury) and if they are still delinquent, will sell their property.

Is this not an outrage upon our liberty, upon justice? But this is virtually what is asked for in the name of religion. It is a disgrace for any church to force others to pay its debts. I thought religion made people honest and put in practise the Golden Rule.

As church people let us pay our own debts; at least, not force others, by civil courts to pay them for us. The other churches who have paid their taxes will be entitled to a refund of their taxes, needlessly paid. Of course, the city will deal honestly

with them, and will not keep what does not legally belong to them. How will they get the money to refund? By coercing the taxpayers? If they cannot pay, what then? Sell them up in the name of religion? And forbid!

On what ground should a church be exempt? Because of its usefulness and blessing to a community. Granted, but it is not the only useful institution that brings blessings in its train. Others also might justly claim exemption.

There is a great principle at stake. This is only the thin edge of the wedge. In the name of religion let us stand for the liberty and justice that demands equality for all and special privileges to none in this important matter of paying our honest debts. Owe no man anything.

REV. F. LETTS,  
St. Paul's Presbyterian Church,  
Sidney, B. C.

## PROTECTIONIST "ARGUMENTS."

To the Editor:—The writer of the full-page advertisement inserted by the Canadian Manufacturers' Association in Friday's Times knows well how to play on human fears and gullibility. Take this for example: "Last year each inhabitant of the United States bought, on the average, \$4.41 worth of Canadian goods, while each Canadian, on the average, bought \$100.76 of U. S. goods." The reader is supposed to gasp at the awful disproportion of over 23 to 1. He is left to draw the inference that our mutual trade is frightfully lop-sided, and that we are liable to be swallowed up by our great neighbor. As a matter of fact the figures, though correct as mere figures, are entirely misleading. They do not measure the relative industrial development of the two countries. They do not measure the relative productive efficiency of the two countries. They do not measure the balance of trade between the two countries, whatever importance that may have. They cannot fairly be used in argument for or against any policy whatever. But because the statement is brief, simple, easily remembered and superficially straightforward, it is sure to impress many readers. On the other hand, to see through the deception requires some little attention and analysis, and this is something that not many people are ready to give.

Where, then, is the fallacy? It lies simply in this: The "per head" in this case has no such significance as "per head" has in most statistical statements. Canada with eight million people necessarily constitutes only a very small part of the outside world from which the United States imports goods, while the United States with 105,000,000 is a very considerable part of our outside world. Suppose we said one dollar's worth to every European, say 400,000,000, and received in payment exactly the same amount in European goods. That would be \$50 per head of our population, or 50 to 1. We ought to expect that the proportion in trade with the United States, reckoned as the writer of the advertisement reckons it, would be 15 or 16 to 1; exactly the ratio of population. But it may be objected that the trade ratio is actually 23 to 1, and so after making all proper allowance, the United States sells to us nearly twice too much. Well, it is perfectly true that we exported to the United States only 454,000,000, and imported 800,000,000. And the significance of that is just what because it is offset almost exactly by our larger exports to other countries. Finally, arguments based on balances of trade were long ago discredited by economists. The "mercantile theory" belongs to the

seventeenth century, not the twentieth.

J. DUFF,  
Sidney, B. C., Sept. 20, 1920.

## DOESN'T LIKE PROHIBITION.

To the Editor:—I have read with very great interest the arguments for and against prohibition and I must say that the argument against prohibition is very well thought out and reasoned as compared with the argument of the prohibitionist. The prohibitionist side rely only upon sentiment or mis-statements of facts to win its case which, all things considered, is a poor one indeed from our experience of the present Prohibition Act. At last we get some statistics and strange to say right before our very eyes the advocates of prohibition distort them. Dr. Hall quotes from the United Kingdom Temperance Institution, whose business it is to give as good a case as possible for prohibition. "Now this institution says the experience of this company is that amongst males insured by them (whose life policies) 26.4 per cent. fewer deaths accrue amongst abstainers; that is, if we take the expectancy of life at the age of thirty the abstainer has a little more than thirty-nine years, whilst the non-abstainer has some three and a half years less. And then in the next paragraph the report says it is not scientifically true. All that I can say to such evidence is: "Not proven."

But let us take the argument as being true and in favor of prohibition (which it is not). Let us find out how the prohibitionist or insurance companies arrive at this conclusion regarding the longevity of the abstainer as compared with the drunkard. All abstainers are placed in one class and the moderate drinkers and excessive drinkers in another class. By doing this the moderate drinker's life is reduced owing to the comparatively short life of the heavy drinker. This classification may be all right for insurance companies and prohibitionists, but it proves nothing regarding the question.

The only way to get at the facts and solve this question is to divide them into three classes, viz: Abstainers, moderate drinkers and excessive drinkers. (not drunkards). Then we would have good clear evidence. The standard to be one and a half ounces of alcohol to constitute a moderate drinker. A very eminent doctor in England, Dr. Parke, allowed this as a daily allowance for a moderate drinker. When Dr. Hall deals with the report on venereal disease he infers that the abstainer is morally superior to the non-abstainer. Again I say there is no proof—only assumption. The only argument that can really bear investigation is the one dealing with proprietors, managers and superintendents of liquor establishments, and compared with the population they are only a very insignificant number. The number of habitual drunkards are very few and if the prohibitionists wanted reform in their interests and well-being a remedy could easily be found instead of penalizing decent citizens. Prohibition, as we have it to-day, I believe has made more criminals out of otherwise respectable citizens than the abuse of alcohol ever did. It has even made a criminal of the late Prohibition Commissioner, who could not have committed the offence he did if the Prohibition Act had not been in force.

The Doctor makes his appeal to the Liberator to preserve their reputation for vote-catching, he needn't worry; most politicians will, the only exception from this rule in the present House being the member for Newcastle, J. H. Hawthornthwaite.

TOM DOOLEY,  
Sanich, B. C., Sept. 21, 1920.

## VICTORIA BOYS SCOUTS' ASSOCIATION

Patron—His Majesty the King.  
Patron for British Columbia—His Honor the Lieutenant-Governor.  
Third Troop—Scoutmaster, R. A. Wootton. No meeting will be held during the fair week at the Willows. Collegiate Troop and Pack—Scoutmaster, R. E. Henson. Troop and Pack meet next Wednesday for reorganization.

St. Aidan's Troop and Pack—Scoutmaster, P. H. Hughes. Meets every Monday at St. Aidan's School.

James Bay Wolf Pack.  
The Pack meets at Headquarters, corner of Douglas and Simcoe Streets, every Friday at 7 p. m. There are a few vacancies for boys of nine or over who live in the James Bay District. Apply to Cubmaster N. Patt.

James Bay Scout Troop.  
The first aid class will meet on Wednesday evening at 7.30. Subject: Circulation of the blood, how to arrest bleeding from arteries, veins, with practice of application of tourniquet.

The work of fitting up the room with parallel bars, etc., is going ahead, and in a few weeks everything should be ready.

Boys are wanted for this Troop. Apply on Thursdays at 7.30. The secretary, E. P. McKie, 331 Phoenix Place, will be glad to hear from any Scoutmaster or boy attached to a troop or from any lover of boys who is willing to learn scouting, willing to act as scoutmaster of this Troop.

James Bay Rovers.  
The Rovers are making fair progress.

## Finest Thing Ever For Chronic Catarrh!

Gets Away From the Medicine Habit, Cures By Novel Method.

With the many remedies you have tried you surely know that no liquid medicine can cure your throat or nose. Even a gargle only bathes the entrance of the throat—it can't reach the inflamed bronchial tubes.

With Catarrhosone it's so different from medicine-taking—you simply breathe its healing vapor, inhale its balsamic fumes, which carry cure and relief to the minutest air cells in the lungs, nose, throat and bronchial tubes.

In this scientific way the soreness and inflammation is rapidly allayed, relaxed cords are toned up, the entire mucous membrane invigorated. Every trace of catarrh disappears. Large droppings of mucus in the throat, hawking, spitting, and stopped-up nostrils—all these sure signs of catarrh and bronchitis are permanently cured by Catarrhosone.

Large outfit lasts two months, costs \$1.00; small size 50 cents, trial size 25 cents, at dealers everywhere.

# GUTTA PERCHA TIRES Make Another Record

The above photograph of Mr. Percy Gomery and his Pathfinder car, equipped with "GUTTA PERCHA TIRES," cross-tread pattern, was taken on the completion of his "Across Canada" Pathfinding trip.

He covered the distance of 3,840 miles without a puncture or tire trouble of any kind, and states that the tires show so little wear that it is hard to believe that they have been run more than a few hundred miles.

Gutta Percha and Rubber, Limited, are to be congratulated on having produced a tire which stood up so magnificently under such an arduous test.

**A. McGAVIN** Phone 3869  
1009-1011 Blanshard St. Vulcanizing and Retreading

While at the Exhibition do not fail to visit the Auto Show Building and inspect our complete display of GUTTA PERCHA TIRES; also the various stages of re-treading and vulcanizing.

The tires used by Mr. Gomery are on exhibition in my booth, and demonstrate in a remarkable way the superlative wearing qualities of "GUTTA PERCHA" CROSS-TREAD TIRES. Are these not the tires with which to equip your car?

grass. The programme for Monday's meeting will be a special lecture on "The Microscope." Any old Scout wishing to get back into the movement has a splendid opportunity in the Rovers.

Fairfield.  
Christ Church Cathedral Troop and Pack—Scoutmaster, G. Frampton. Meets every Thursday in the future at 8.30 p. m. for the Pack, and 7 p. m. for the Troop. Headquarters, Cathedral Schoolhouse, Quadra Street.

MacLean Troop and Pack.  
Scoutmasters, R. Trowsdale and A. MacArthur. Headquarters, 401 Esquimalt Road, Esquimalt. Meets Friday at 7.30. Pack, Sixers A. Evans and I. Spence are granted the First Proficiency Star. As a new head quarters rule confines the rank of Sixers to Wolf Cubs, Scout Sixer C. Stark resigns the position of Sixer.

Oak Bay (Gonzales) Troop.  
Scoutmaster, Seymour deP. Greene. Headquarters, corner Mitchell and Granite Streets, Oak Bay. Meets every Saturday at 2 p. m. Fridays at 7 p. m. for wireless instruction. As the Troop is being reorganized a full report will appear next week regarding new patrols now being formed. A meeting of the parents of the Scouts has been called for Wednesday next at the Oak Bay headquarters, 8 p. m., to form a parents' committee.

Oak Bay Pack.  
Headquarters are same as Troop. Meets every Friday at 5 o'clock p. m. Parents of the Cubs are asked to attend a meeting in the headquarters next Wednesday at 8 p. m. Major George, chairman.

Gonzales Pack, Oak Bay.  
Headquarters same as Oak Bay Troop. Meets every Thursday at 4.30 p. m. Parents of the Cubs are asked to note the meeting of parents called for Wednesday next at 8 p. m. Important business will be discussed and the formation of a parents' committee.

Hillside Troop and Pack.  
Meets every Friday at 7 p. m. A. Brown, scoutmaster. Mr. Ansell, A. S. M. Headquarters, Centennial Church. The Troop and Pack are giving special attention to first aid work.

First Presbyterian Church Pack.  
Aubone Hoyle in charge. This Pack will not meet for another week in order to complete organization plans. Announcement will be duly made by Mr. Hoyle as soon as the

plans are fully completed, when it is hoped the Pack will grow fast.

Notes.  
Patrol leaders meeting will be held on Wednesday, October 6 next at 8 p. m. in the office of the secretary, 221 Pemberton Building. Mr. Scarlett will preside at the first meeting.

Wolf Cubs of this city will hold a Grand Rally on Saturday, October 2. Full particulars will be published next week.

A MAN OF RESOURCE.

AIR BOARD WANTS

TECHNICAL HELP

List of Vacancies Received  
By Local Aviators From  
Vancouver Office

A list of vacancies in Air Board  
appointments has just been trans-  
mitted from Major C. MacLaurin, Air  
Station Superintendent of the Gov-  
ernment Air Station at Jericho  
Beach, Vancouver, to the local sec-  
retary of the Aerial League. Through  
the Department of Civil Service Com-  
missioners the Air Board is calling for  
a director of technical services, with  
a salary of \$4,500 per annum, duties at  
Ottawa; a superintendent of aircraft  
repair section with salary of \$2,940  
and duties at Camp Borden; a super-  
intendent of engine repair section  
with salary of \$2,940 per annum and  
duties also at Camp Borden, and a  
number of civil service examiners  
with salaries of \$1,500 and duties in  
various parts. Applications should be  
addressed to Major MacLaurin at  
Vancouver address, of the Air Board,  
which is in the Metropolitan Building  
there.

## BRIEF LOCALS

Would Cost \$7,000.—Installation of  
a floating dock at the city's Gar-  
bally Road Yards would cost \$7,000.  
City Engineer F. M. Preston informed  
the City Council Monday night.  
The dock, he stated, would cost \$1,  
400 a year to maintain.

Joins Local Staff.—C. L. Hix, for  
21 years in London, England, as a  
watchmaker and jeweler, has re-  
cently joined the staff of Kiburger's  
jewelry store here. Mr. Hix was  
formerly with the firm of O. B. Allan,  
Jewellers, Vancouver, and has just  
taken up his appointment in this  
city.

Fined For Assault.—In the Saanich  
Police Court this morning Magis-  
trate Jay fined Thomas Hough \$20  
for assaulting William Palliser at  
Brentwood recently. The charge was  
the outcome of a quarrel over two  
dogs, in the course of which the ac-  
cused was stated to have knocked  
Palliser off a launch.

To Observe Harvest.—Harvest season  
is to be celebrated at 7:30 o'clock  
Thursday night at St. James Epis-  
copal Church, James Bay. There will  
be decorations, a programme of music,  
a harvest service and address by  
the Rev. H. T. Archibald and the Rev.  
G. A. Wells.

Presbytery of Victoria.—There will  
be a "pro re nata" meeting of the  
Presbytery of Victoria on Thursday  
at 8 p. m. in St. Andrew's Presby-  
terian Church, Victoria, to deal with  
a call from Clayburn, Westminster  
Presbytery to Rev. Frederick Letts,  
of St. Paul's Church, Sidney, and  
other business.

To Entertain Veterans.—At a meet-  
ing of the Ladies' Auxiliary of the  
Army and Navy Club in the Hamley  
Building last night it was decided  
that the Auxiliary would assist the  
Club in the entertainment of dele-  
gates to the Army and Navy Veter-  
ans convention here October 11. It  
is planned also to entertain the in-  
mates of the Old Men's Home.

Lectures To Banking Men.—Harold  
Hinton, chartered accountant, last  
evening delivered a lecture on Bal-  
ance Sheets, to thirty members of  
the Canadian Bank of Commerce  
staff. It is the intention to have a  
series of lectures every two weeks  
during the winter, to be delivered by  
prominent chartered accountants,  
lawyers and business men, on higher  
accountancy, banking and allied sub-  
jects.

Dramatic Society to Meet.—The  
Victoria Dramatic and Operatic So-  
ciety meets this evening at the club-  
room at 123 Abbott Street, for the  
business session what promises  
to be an enjoyable programme will  
be given under the direction of Mrs.  
Jesse Longfield, to thirty members of  
the society, assisted by Miss Eva  
Hart, Miss Mabel Hickman, Miss  
Leta Cody, R. B. MacKenzie, J.  
Petch, J. Hume, and K. Kelway.

Girls' Corner Club.—There will be  
a special farewell meeting of the  
Girls' Corner Club this week in hon-  
or of Miss Lillian Nelson, who will  
shortly be entering the Moody Bible In-  
stitute in Chicago. Dr. W. F. White,  
of Chicago, will address the club and  
a large attendance is expected. Dr.  
White is at present holding meetings  
at the First Presbyterian Church in  
this city twice a week. He will be  
served as usual at 6:15 p. m. to which  
all business girls are invited.

Drive Proceeding Well.—The Sal-  
vation Army drive for funds, which  
is proceeding in the city at present,  
is going ahead satisfactorily, accord-  
ing to J. C. Wilson, who is in charge  
of the campaign. Mr. Wilson wishes  
to make it plain that the ladies and  
gentlemen conducting the drive are  
not being paid for their work, which  
is purely voluntary. Anyone desir-  
ous of assisting the drive is re-  
quested to apply to the drive head-  
quarters, 27 Arcade Building.

New Appointments to Staff.—The  
Saanich School Board last night ap-  
pointed Miss Patricia Woodhead as a  
member of the staff, but made no  
definite appointment pending a de-  
cision as to the school to which Miss  
Patrick should be transferred. Miss  
Patrick has been teaching at  
Gordon Head and is being trans-  
ferred at her own request. Miss Ar-  
leen Revercomb will take the vacan-  
cy at Gordon Head.

May Attend Gordon Head School.—  
There being twelve pupils in the Ce-  
dar Hill district, which this morn-  
ing the school is unable to accom-  
modate, the Saanich School Board  
last night discussed the practicabil-  
ity of sending Cedar Bay children  
to the Gordon Head school as a re-  
sult measure. At present the Board  
is transporting the children to the  
Cedar Hill school, and the route  
would have to be revised.

## Federal Ministers Are Welcomed by Business Men at Banquet To-day

Minister of Labor Promises That Returned Men and  
British Subjects Will Be Given Preference in Dry-  
dock Employment; Tremendous Ovation to Hon.  
S. F. Tolmie.

Three hundred business men, gathered at a luncheon in the  
Empress Hotel to-day welcomed to Victoria three members of the  
Dominion Government who are visiting the city at present.  
The gathering heard with enthusiasm the statements of Sir Henry Dray-  
ton, Minister of Finance, concerning the hopeful financial outlook  
of Canada; the assurances of Hon. Gideon Robertson, Minister of  
Labor, that returned men and British subjects would be given prefer-  
ence in employment connected with the construction of the Esqui-  
malt drydock, and the instructive remarks on the outlook for Cana-  
dian agriculture by Hon. Dr. S. F. Tolmie, Minister of Agriculture,  
who was given a hearty ovation upon entering the room.

President Beckwith.  
Introducing the speakers, J. L. Beckwith, President of the Board of  
Trade, who presided, expressed the  
pleasure of the community at the  
visit of the Ministers. Mr. Beck-  
with declared that the island was  
well represented at the Capital by  
Hon. S. F. Tolmie and J. C. McIntosh,  
M. P. for the island, and that the  
construction of the Esquimalt dry-  
dock, due to a great extent, he had  
no doubt, to the efforts of these  
gentlemen, was to proceed as soon  
as possible. The construction of the  
dock, he pointed out, would be of  
the utmost advantage to the community  
and to many returned soldiers who  
would be employed. In this connec-  
tion Mr. Beckwith paid high tribu-  
te to the Government's policy of assist-  
ing the returned men.

The Finance Minister.  
"Last time I was here I was be-  
ginning to speak," remarked Sir Henry  
Drayton, the first speaker, "I got  
it, too—though it was hard sledding  
in the beginning."  
It was the greatest pleasure in the  
world to go round British Columbia  
in charge of Dr. Tolmie. He is a  
drawing card of the first magnitude,  
you certainly are well represented by  
Dr. Tolmie and Mr. McIntosh, and it  
was a great pleasure to me to be  
chaperoned round the Province by  
the Doctor—though I hear he pre-  
fers chaperoning bulls at exhibitions  
rather than finance ministers.

When Dr. Tolmie was accorded  
his ovation on entering this room,  
which was his due, someone said to  
me 'Drydock! I don't believe it. I  
don't believe that one Drydock, or a  
dozen Drydocks is the source of his  
esteem in which the Doctor is held  
by everyone who knows him!'  
(Applause.)

"We need here to borrow money  
here this time," (Sir Henry went on,  
"but to get instruction to find out  
how we can best get money by other  
means than by borrowing. We're  
going to stop borrowing now and we  
hope that the methods of the future  
will be more effective than the meth-  
ods of the past."

It has been pointed out that the  
Government has done well for the  
returned men. I wish we could have  
done more. No one realizes more  
than does the Government that it  
is impossible by material benefits for  
the Government for the country, for  
any of us to properly fully and ade-  
quately voice our feelings for our  
returned men. It cannot be done.  
I'm proud in this that Canada has  
done more for her men than any  
other country."

Insurance For Veterans  
Sir Henry continued to describe  
the Government's new insurance  
plan for returned men—a project  
which, he thought, would be of tre-  
mendous advantage to ex-soldiers.  
After outlining briefly the expendi-  
tures which the Government must  
make this year, on account of the  
war, as compared with the expendi-  
ture of 1914, Sir Henry declared  
that in attempting to raise money in  
the most equitable way, the Tariff  
Commission was undertaking a task  
"well worth while."

"We're doing pretty well," the  
Finance Minister remarked as he went  
on to outline the revenue which the  
Government is receiving at present.  
In 1914, he said, the Federal revenue  
had amounted to \$174,000,000; in  
1915, \$222,000,000; in 1916, \$282,000,000  
and for the past five and one-half  
months of the present fiscal year the  
revenue had exceeded \$200,000,000.  
British Trade Recovery.  
"However, we must do even better  
than that," Sir Henry declared. "With  
your help we shall do it."  
The Minister went on to describe  
briefly the financial position of Brit-  
ain which, he observed, had been  
forced to undertake tremendous bur-  
dens on account of the war. Sir  
Henry was happy to know that the  
Old Country was rapidly recovering  
from her great war losses. A fairly  
good index to Britain's condition,"  
the speaker proceeded, "is the amount  
she exports to Canada. For February  
of 1919 the value of her exports  
to Canada were valued at \$5,500,000;  
for March, 1919, \$5,800,000; for  
March, 1919, \$5,800,000; for March  
1920, \$25,000,000; the greatest month-  
ly export in history; for April, 1919,  
\$5,100,000; for April, 1920, \$15,250,000;  
for May, 1919, \$5,500,000; for May,  
1920, \$23,400,000; for June, 5, 1919,  
\$5,760,000; for June, 1920, \$42,100,000;  
for July, 1919, \$7,500,000; for July,  
1920, \$22,000,000.  
"And looking at it from a reason-  
able standpoint are not our loads and  
our measure of taxation light in view  
of our efforts and conditions—yes,  
light indeed, when viewed from the  
position of other countries and the  
burdens they have to carry!" said the  
Minister.

Condition of Labor.  
Senator Robertson, Minister of La-  
bor, dwelt at some length on the  
system of Government employment  
offices throughout Canada. From  
March, 1919, to August, 1920, he said,  
more than 551,000 men and women  
had been placed in positions by these  
offices without cost to employers of  
labor. Moreover, large numbers of  
workers had been transported from  
one province to another as the labor  
market required. He explained the  
employment system now in vogue,  
and paid a warm tribute to the Pro-  
vincial Government's work in this  
connection.

The Minister went on to recall the  
serious unemployment situation  
which had prevailed in coast cities  
last winter, and pointed out that the  
Government had assisted in remedy-  
ing conditions by supporting the co-  
operative shipbuilding scheme. The  
Government, moreover, had arranged  
this year for special rail rates for  
harvesters to the prairies, and the  
Minister observed that it had been

necessary to bring in harvesters  
from the United States.

Preference in Employment.  
Referring to the construction of the  
Esquimalt drydock, Senator Robert-  
son promised that as far as possible  
the Government would employ re-  
turned soldiers in this work. He  
hoped that in this connection the De-  
partment of Labor would receive the  
hearty co-operation of employers of  
labor on Vancouver Island, of the  
returned men as a whole, and of labor  
organizations. He felt, too, that it  
would be only right that the Depart-  
ment should employ subjects of Cana-  
da, and the British Empire to as  
great an extent as possible in this  
work, as the first duty of the Gov-  
ernment undoubtedly was to the citi-  
zens of the Dominion. Everything  
else being equal," the Minister stated,  
"returned men will be given prefer-  
ence, and as far as possible British  
subjects only will be employed."

"At this time," he said, "too true."  
Senator Robertson went on, "some  
parts of labor do not understand the  
problems of the employer, while some  
employers do not understand the  
problems of labor. Some sections  
of labor advocate a slowing up  
in industry with the idea of increas-  
ing employment, while wages at the  
same time increase. At this time it  
is vitally necessary that everyone  
should understand that when the  
compensation exceeds the value of  
service rendered something is bound  
to happen. If the other idea pre-  
vails the industrial progress of our  
country will be seriously interfered  
with. This fallacy can only be dis-  
pelled by the employers making it  
clear to labor, and by the people of  
the country generally understanding  
the real facts—that the wealth of the  
nation is measured by the value of  
the products it produces."

Victoria's Minister.  
When Dr. Tolmie rose to speak he  
was accorded a second ovation by the  
large gathering. "In 1917 when you  
did me the honor of electing me your  
representative at Ottawa," the Min-  
ister commenced, "I was as green as  
grass as to what was required of  
me, but I knew one thing—that you  
wanted, needed and deserved the Es-  
quimalt drydock which has been  
promised to you. With the co-opera-  
tion of Mr. McIntosh, who I may  
say, was a most active and useful  
representative, I concentrated upon  
the dock and I believe that it will  
be one of the greatest things in the in-  
dustrial history of Victoria. The in-  
dustries of Vancouver Island," Dr.  
Tolmie declared, "should be chosen  
so that they shall not be handicapped  
by the comparatively insular position  
of the island. For in ship repairing,  
shipbuilding, fishing and many other  
big industries the island is quite as  
well situated as any other part of the  
Dominion, and there is no doubt in  
my mind that the drydock for the  
same reason is to be built in the most  
suitable position."

Last year two ships which suffered  
damage at sea planned to go to Van-  
couver and Seattle for repairs, but on  
finding that they could be accommo-  
dated by Yarrow's, Ltd., at Esquimalt  
they went there, as the distance was  
far shorter, said Dr. Tolmie. In the  
same way, when the new dock is  
built, ships damaged at sea will go  
there—the nearest point. Not only  
will the dock be built at the nearest  
point to the places where wrecks  
usually occur, but Esquimalt has the  
other advantage of being an easily  
accessible harbor free from fog and  
approached by no intricate channels.  
In fact, acting on the assumption  
that if you want to sell needles you  
must put your shop on the main  
street, the dock certainly should be  
built at Esquimalt."

Dr. Tolmie expressed keen satis-  
faction with Senator Robertson's as-  
surance that as far as possible re-  
turned men and British subjects  
would be employed in the construc-  
tion of the dock, and he urged that  
men with families, too, should be  
given preference in the work.

The Minister of Agriculture went  
on to outline the agricultural situa-  
tion in Canada to-day and the crop  
outlook. The wheat crop this year,  
he stated, would amount to about  
280,000,000 bushels—the most valu-  
able crop in the history of the coun-  
try. The Department of Agriculture,  
he remarked, was doing all in its  
power at present to encourage mixed  
farming with livestock as a basis as  
compared to single crop farming.

Dr. Tolmie urged business men and  
the community at large to take an  
interest in agriculture, and suggest-  
ed that they do so this afternoon by  
attending the Willows Exhibition, to  
which he referred in flattering terms.  
The necessity of patronizing home  
industry was emphasized by the  
Minister who pointed out that Can-  
ada was spending \$500,000,000 a year  
in the United States at present at a  
big discount.

In conclusion, Dr. Tolmie thanked  
the gathering for the ovation which  
it had accorded him and remarked,  
"The greatest possible reward a man  
in public life can receive is the re-  
ception I have received from the  
citizens of Victoria."

In moving a vote of thanks to the  
Ministers, Mayor Porter, declared that  
the announcement that the con-  
struction of the Esquimalt drydock  
would proceed this year had come as  
a great relief to him, and the com-  
munity in view of the unemployment  
situation.

Norman Yarrow, of Yarrow's, Ltd.,  
seconded the Mayor's motion, and  
stated that, following the establish-  
ment of the dock, it was the in-  
tention of his firm to expand its  
operations.

SPOKE WITH DRIVER  
AFTER EXPLOSION  
Workmen Supply Information  
Bearing Upon New York  
Horror

New York, Sept. 22.—Four work-  
men appeared at the Municipal  
Building to-day and declared they  
had spoken with the driver of the  
"death wagon" that figured in the  
Wall Street explosion last Thursday.  
Particular interest was taken in their  
story, for investigators vainly had  
sought to establish identity of the  
driver among the dead or the living.

The workmen said that five or ten  
minutes after a bomb, believed to  
have been placed in the wagon ex-  
ploded, a man approached them when  
they were standing in front of a  
building being raised in the Wall  
Street district.

According to their story, the  
stranger, described as either a Slav  
or German, said his horse and wagon  
had been blown up after he had left  
the vehicle to telephone his employer.

He said he had been ordered to take  
building material to Wall and Broad  
streets, but he had been unable to  
find the indefinite address given him.  
After talking to the workmen he dis-  
appeared, they said.

The workmen's story served to re-  
vive an early theory that the ex-  
plosion may not have been due to a  
bomb plot, but to a collision between  
an automobile and a wagon filled  
with explosives.

The workmen told reporters that  
many contractors working in the  
financial district when in need of ex-  
plosives frequently sent any kind of  
a wagon for them without going to  
the trouble of obtaining a permit for  
their transfer.

## Choose Your Piano From The World's Best Makes

The house of Fletcher Bros. presents the

## Footballers Consider Union Did Right Thing

Victoria and District Football Association Stand By  
Ruling Made By B. C. A. A. U.—Revision of Definition of Amateur Not Question at Stake They Claim—Ball Players Endorse Elks' Action.

On the ground that the officials of the B. C. A. A. U. acted in accordance with the constitution of that body and that the question of the hour is not whether the rules of an amateur should be broadened but that a professional played in the ranks of the amateurs, the members of the Victoria and District Football Association decided at a meeting held last evening to stand by the Union and not secede like a number of other branches of sport have done. The stand taken by the footballers came as a shock to leaders of the off-ense against the Union. The footballers represent the strongest branch of sport in this city.

The members of the Association took a very broad view of the question. While most of them believed that the rules governing an amateur might be improved they decided that that was not the question at stake. For some years the definition of an amateur has stood and officials of the B. C. A. A. U. have had to guide themselves by it. The rules say that a professional golfer cannot play with an amateur in other branches of sport. The footballers contended that had not the union suspended the players it would not have done its duty.

**Uphold Delegates.**  
"We have appointed delegates to the B. C. A. A. U. and we fully know what the definition of an amateur is as laid down by the amateur union," said one of the footballers. "We expect our delegates to adhere to the constitution of the B. C. A. A. U. or otherwise we should not send them. Now that those delegates have made an important decision in direct accord

with the constitution it is our duty to uphold them."  
The footballers drew the comparison of a policeman who goes on duty to carry out the laws of the country. While many of the laws might not be in direct accord with the views of people, still they are there and must be adhered to.

It was also held by the footballers that the time for a revision of the amateur rules could not enter into the decision which must be rendered. Accordingly the footballers decided to stand by the B. C. A. A. U. with which body they were affiliated.

**Footballers Are One.**  
Regarding a statement in the morning paper to the effect that a dozen prominent footballers in this city considered lining up with the baseball players in the fight against the union, an official of the football association stated this morning that there was no truth in this statement. Some of the supporters of the game may have made the announcement, but the players were unanimous in their decision to remain with the B. C. A. A. U. The prospects of forming an outlaw football league are exceedingly remote. During the summer the footballers considered cutting adrift from the Mainland and running an independent league, but they discovered that this would eliminate all outside competition even with Nanaimo and Ladysmith and immediately they decided to affiliate with the B. C. A. A. U.

**Ball Players Angry.**  
A meeting of the Victoria Amateur Baseball League was also held last evening and this body endorsed the action of the Elks in playing Gravin, but did not secede from the B. C. A. A. U. Several delegates strongly urged that the latter step be taken.

but it was decided to place the matter before the British Columbia Amateur Baseball League owing to the fact that Arnold & Quigley's team has also been professionalized. The matter will be thoroughly thrashed out on the Mainland.

In defense of the Knights of Columbus, which team first played against the Elks when Gravin was in their line-up, Jack Neary stated that he received no notification from President George Warren that Gravin could not be played, and this plea was supported by the secretary of the league, who claimed that only officials of the Elks were notified.

The secretary of the league informed the meeting that so far he had received no notification that the Elks players or any others had been suspended. The only information he had was from the newspapers.

## THREE FAMOUS ICE HOCKEY PLAYERS TO COME WEST AGAIN

Ottawa, Sept. 22.—It was learned today that Alf Skinner, Harry Meeking and Jack Adams, the pro hockey players, had again signed with the Pacific Coast League. They had been sought by Eddie Livingstone for the C.H.A., but decided to accept \$200 less from the Pacific's than the C.H.A. offered. The three players were offered the property of Livingstone in the judgment last winter, but the Pacific's are prepared to fight it.

## Football Season to Be Opened Saturday, Oct. 2

Arrangements have been completed to open the soccer season in Victoria on October 2, when three games will be played in the Senior League. Seven teams have entered in the league, which will necessitate one team remaining idle each week-end.

The opening games will be played between Metropolis and Comrades of the Great War; Army and Navy Veterans vs. Sons of England; and Victoria West vs. G. W. V. A. Yarrow's have a bye.

Arrangements have also been made to have the Intermediate League commence on the same day. Four teams have entered in this league, and games for the opening day are announced as follows: James Bay vs. Firemen and Navy Yard vs. Metropolis.

**Met Last Evening.**  
The Victoria and District Football Association met last evening to consider important matters. The schedule for the senior and intermediate leagues were decided upon.

It was also arranged to form a Wednesday afternoon Football League in order to meet the wishes of footballers who have their half holiday on Wednesday. The entrance fee for this league will be \$5, and all clubs anxious to enter are advised to communicate immediately with Jack

Nearby, the secretary, at the G. W. V. A.

The association decided to abide by the latest rulings of the English Football Association.

**The Senior Schedule.**  
The schedule for the senior league will be as follows:  
October 2, 1920 — Metropolis vs. Comrades; Army & Navy vs. Sons of England; Victoria West vs. G. W. V. A. Yarrow's a bye.  
October 9, 1920 — Comrades vs. Yarrow's; G. W. V. A. vs. Army & Navy; Sons of England vs. Victoria West; Metropolis a bye.  
October 16, 1920 — Yarrow's vs. Victoria West; Sons of England vs. G. W. V. A.; Army & Navy vs. Metropolis; Comrades a bye.  
October 23, 1920 — Metropolis vs. Sons of England; Comrades vs. Army & Navy; Yarrow's vs. G. W. V. A.; Victoria West a bye.  
October 30, 1920 — Victoria West vs. Metropolis; Sons of England vs. Comrades; Army & Navy vs. Yarrow's; G. W. V. A. a bye.  
November 6, 1920 — G. W. V. A. vs. Metropolis; Comrades vs. Victoria West; Yarrow's vs. Sons of England; Army & Navy a bye.  
November 13, 1920 — Metropolis vs. Yarrow's; G. W. V. A. vs. Comrades; Victoria West vs. Army & Navy; Sons of England a bye.

## INDIANS AND WHITE SOX WIN WITH EASE

Teams Are Separate by Game  
and a Half—Cincinnati  
Again Bumped By Giants

**American League.**  
Cleveland, Sept. 22.—The Cleveland Indians, battling three Boston pitchers at will and won the last game of the season from the Red Sox, 12 to 1. It was the Indians' seventh consecutive victory and they will enter the series with the Chicago White Sox Thursday with a lead in the pennant race of one and a half games.

Sam Jones, star of the Boston pitching staff, was driven from the box in the third. Harper, who replaced him, lasted less than two innings. Hoyt went in the fifth and although hit hard, finished the game. Smith led the attack with a single, double and a home run, which accounted for six runs.

Coveleskie was effective throughout.  
Score: R. H. E.  
Cleveland 12 7 4  
Boston 1 0 0 0  
Batteries—Jones, Harper, Hoyt and Schang; Coveleskie, Morton and O'Neill, Nunnemaker.

**White Sox Wins, Too**  
Chicago, Sept. 22.—Bagging eight-

**LADIES FOURSOMES, OAK BAY**  
The Ladies Foursomes competing at the Oak Bay Golf Club has been cancelled on account of a mistal in handicapping. A fresh draw will be made. Any players who have not already entered may do so by phoning 4927R before noon on Thursday. The draw will be published on Friday.

een hits off three pitchers the White Sox yesterday won their third straight game in the American League race, defeating Philadelphia 2 to 2, thereby keeping pace with Cleveland.  
Eddie Cicotte displayed better control than in any of the games he has recently pitched. Although touched for eleven hits, he kept them scattered and was given spectacular support. Each member of the Red Sox team got one hit, except Babe Ruth, again got four hits in four times at bat, including a triple. Weaver made three.  
Score: R. H. E.  
Philadelphia 2 11 1  
Chicago 0 9 0  
Batteries—Perry, Rommel, Naylor and Perkins; Cicotte and Schalk.

St. Louis, Sept. 22.—New York batted hard and defeated St. Louis 3 to 3. Ruth led with a triple, a double and a single. St. Louis could do little against Shaughey except in the fourth inning when they scored twice. St. Louis gave Detroit a 12 to 1 victory the second inning when three hits were bunched, accounting for two runs.  
Score: R. H. E.  
New York 12 7 4  
St. Louis 3 11 0  
Batteries—Shaughey, Borge, Deberry, Bayne, Burgett, Rothler and Severeid.

Detroit, Sept. 22.—A ninth inning rally gave Detroit a 12 to 1 victory over Washington.  
Erickson was driven from the box in the seventh. Bono, who succeeded him, did well until the ninth, when Flanagan, Bush and Cobb singled. With one out Courtney was sent to the box. He pitched to Veach, who doubled over Roth's head.  
Score: R. H. E.  
Washington 11 16 2  
Detroit 12 7 4  
Batteries—Bono, Courtney and Garrity; Conkright, Glasier, Baumgarten, Bogart and Manion.

**National League.**  
New York, Sept. 22.—Toney out-foisted Napier in the final game between New York and Cincinnati, the Giants winning, 1 to 0. The Reds made only three hits.

Cincinnati 0 0 0 0 0 0 0 0 0 0  
New York 1 0 0 0 0 0 1 0 0 1  
Batteries—Napier and Wingo; Toney and Smith.  
Philadelphia, Sept. 22.—St. Louis made it two straight from Philadelphia, 5 to 1. Doak wrenched his back in the fifth and North, his successor, had his hand split by a line drive from Williams' bat, but threw Williams out at first and finished the game.  
Score: R. H. E.  
St. Louis 5 13 2  
Philadelphia 1 0 0 0 0 0 0 0 0 0  
Batteries—Doak, North and Dillhoefer; G. Smith, Enzmann and Withrow.

Boston, Sept. 22.—Chicago closed its season in Boston by losing, 6 to 2. Recruit Leathers tied the score in the eighth with a home run.  
Chicago 2 8 4  
Boston 6 4 1  
Batteries—Cheever, Martin and O'Farrell; Oeschger and O'Neill.

## Favorites Romped Home Ahead of Fast Fields

Ben Royal Only Outsider On Yesterday's Card at the Willows; Doubtful Weather Kept Big Crowd From Turning Out; Several Thrilling Finishes; Jockeys Rowe and Small Do Good Work.

After a lapse of seven years horse-racing was revived at the Willows track yesterday afternoon. Owing to the threatening weather the crowd was not as large nor as gay as the gatherings at opening days in pre-war times. About two thousand people crowded about the betting booths, the paddock and the grandstand and played the ponies heavily. Despite the heavy track the favorites led the fields and the reputed "mudders" did not show.

The races were featured by several driving finishes and excellent work in the saddle by Jockeys Small and Rowe. Several of the fields proved botherome at the gate and the barrier was carried away a number of times. Starter Jim Haley refused to send the ponies away until they raced the tape with their noses, even for the first jump. Out of the seven races only one racer, Bertadano, with Neal-up in the fourth, was left at the post.

**Local Horse Wins First.**  
It was only in keeping with the occasion that a Victoria-owned thoroughbred should gallop to the wire with the field following, in the first race. Pharmacy, from the Breppin & Christie stable, went to the post a strong favorite. Drummer got away quickly and led the field in the first two furlongs. Jockey Rottler had Pharmacy running well within himself and overhauled the Drummer on the back stretch and easily stood off the driving finish made by Drummer and Helman. Drummer could not respond to the hot pace of Helman in the closing half furlong and had to be content with third place.

Ben Royal proved to be the only long-shot of the afternoon, romping in with a couple of lengths to spare in the second race. Seven horses faced the barrier at the four and one-half furlongs mark, with Vodka and Gretina Green carrying the bulk of the money. The horses were badly Vodka set the pace all the way until the turn for home, when he bore out and allowed Ben Royal to slip through on the inside.

**Favorites Again.**  
The favorites paid their backers in the third race, one of the fastest of the afternoon. Elmer K. Boyle, with Martin up, flashed into the lead on the first trip past the stands and was never in trouble. Bassano Boy, from the Breppin & Christie stable, was the only outsider to make a bid for the lead, but he was not the distance to overtake Boyle's mount.

Probably the most sensational race of the long card was furnished in the fourth race over five furlongs, when seven of the fastest short distance horses stabled at the Willows went to the post. Elmer K. Boyle, to the front, quickly with Percival Knight second and Squash on the outside in third place. A scant length separating the three ponies, Elmer K. Boyle kept Elmer K. against the rail throughout the route, and this prevented the others from cutting inside. When the last turn was passed it looked as though the leader would sweep through, but Jockey Smith urged Squash into a faster finish and passed Elmer K. winning by a neck. Percival Knight was not game enough to overtake the tiring Elmer K. The three horses passed the wire with half a length separating them and the crowd was treated to the finest finish of the afternoon.

**Nothing To It**  
Tom Goose, a big rangy beast ridden by Small, threw mud all over the rest of the field in the fifth race over five furlongs. Tom kept pace with the field over the first three furlongs and then stepped out, finishing three lengths behind the leader, which paid higher for place than Tom Goose did for straight.  
The sixth race drew the largest field of the afternoon. Starter Haley got the horses away quickly. They kept well bunched, with the favorite, Prairie, Jockey Rowe, leading by a nose. The field swept by the stands on the first round with Prairie leading, Minstrel second, Mineral Jim third and Foeman fourth. A blanket would have covered the four. At various stages during the second lap the lead of Prairie was threatened, but each time Rowe let out the gelding. At the turn into the home stretch it seemed as though Prairie had run wide and that Mineral Jim, who had come up quickly, would get the rail. Mineral Jim, however, was on Prairie's flank and McIntyre could not cut in. In the driving finish Rowe showed that Prairie had still a reserve and won by a length. Billy Nestlehouse came up strongly, but was too late and finished third.

The longest race on the card, one mile and one-sixteenth, the last of the card, drew five starters, one, Tiajan, being hopelessly outclassed. The other four horses, however, provided a sterling contest. Minnie H. set the pace on the first time past the stand, with Louis Lachmund second and Corbita third. Jockey Small worked Louis Lachmund to the front on the second lap and Belle of the Kitchen pulled up level with Corbita and Minnie H. On the final lap the little mare Minnie H. found the track too heavy for her and dropped back, while Belle of the Kitchen came up strongly. A thrilling finish Louis Lachmund just managed to reach the wire with half a length to spare over Belle of the Kitchen.

**The Results**  
Following is a complete summary of yesterday's races:  
First race—1, Pharmacy; 2, Helman; 3, Drummer. Also ran: Irish Daisy, Echo, Laet Chafce. Two dollar mutuels paid; straight, \$2.50; place, \$2.50; show, \$3.  
Second race—1, Ben Royal; 2, Vodka; 3, Capellan. Also ran: Letitia S., Sovereign III, Tyee, Gretina Green. Two dollar mutuels paid; straight, \$2.50; place, \$4.33.  
Third race—1, Col. Boyle; 2, Bassano Boy; 3, Chattancourt. Also ran: Chandeller, Lital, York Lassie. Two dollar mutuels paid; straight, \$3; place, \$2.40; show, \$2.50.  
Fourth race—1, Squash; 2, Elmer K.; 3, Percival Knight. Also ran: Parole, Phil Martin, Bertadano, Velli.

HITS HOME RUN,  
PUTS HIS SIDE OUT

Yells of Glee From Fans Said  
To Be Cause of "Bone-  
head" Play

Chicago, Sept. 22.—"Bonehead Bafferty," who stole second with the bases full has nothing on Eddie Gharrity of the Senators, who clouted a home run and retired the side.

Baseball sharks say there is nothing like it in the history of the game. It was the cause of tremendous uproar, and protests but the umpires stood pat on the decision, which robbed the Senators of two additional runs and reduced Gharrity's home run to a two-bagger.

Ellerbe had reached first base via an error in the fourth inning, and two men were out. Gharrity came up and soaked the ball over Jack-son's head into the bleachers. Ellerbe mistook the yell of glee from the bleachers as an indication that Jack-son had speared the fly, thus retir- ing the side, so he doubled in his tracks after rounding third base and started for his position at short.

Meanwhile, Gharrity, trotting around the circuit, passed Ellerbe, thus automatically putting himself out under the rule which imposes that penalty for passing a preceding base runner who had not already been put out. Both umpires saw the play and simultaneously called Gharrity out, thereby causing the entire Washington team to spill vast quan- tities of hot air. They argued that since the ball was out of bounds it made no difference if Gharrity did pass Ellerbe, but the decision stood.

MANUAL TRAINING  
IN SAANICH SCHOOLS  
UNDER REVISED PLAN

The Saanich School Board last night decided to continue manual training instruction in the Saanich schools, but under a plan which will prove much more economical, there being but one instructor, and no out- lay for transportation of pupils.

Boys in the third and fourth read- ing will be given a one-half day ses- sion every two weeks, the Board last night adopting a plan submitted by instructor Hunter.

Transportation questions were again well to the fore at last night's

Victoria Beauty, the famous pointer bitch owned by Detective Victor Heather of this city, captured two blue ribbons at the dog show held in connection with the Vancouver Fair last week. The dog took first in the bitch class, and then was adjudged the finest pointer in the show.

PLACEMENTS ARE  
DECREASING NOWReport in Labor Situation in  
Canada During Last Week  
of August

The Employment Service of the De- partment of Labor reports that re- turns from Dominion and Provincial Offices of the Employment Service of Canada show a decrease in place- ments in the week ending August 23, when compared with the returns for the preceding week. The offices re- ported that they had made 13,558 re- ferences to regular positions and that 12,223 placements were effected. This is a decrease of 3,742 when compared with the returns for the preceding week, when 15,965 placements were reported, this high record being at- tained at the peak of the harvest movement. In addition to these placements, 1,732 casual jobs were supplied, as compared with 1,759 dur- ing week ended August 21.

During the week 13,410 applicants were registered, of whom 11,925 were men and 1,485 were women. This represents a decrease of 3,894 in regis- tration when compared with the 17,304 applicants registered during the preceding week. The number of va- cancies reported by employers to the service during the week totalled 18,984, of which 17,264 were for men and 1,720 were for women. This is a de- crease of 913 when compared with the 19,897 vacancies reported during the previous week. Of the place- ments in regular employment, 11,098 were of men and 1,125 were of women.

Of the placements in regular em- ployment, 69 were reported by New Brunswick offices, as compared with 79 during the preceding week. Que- bec offices reported 354 placements, 253 within the Province and 111 in other Provinces, as compared with a total of 303 during the previous week. Ontario offices reported 2,416 place- ments, of which 2,379 were within the Province and 37 in other Provinces, as compared with a total of 2,569 dur- ing the preceding week. Placements reported by the Prairie Provinces show a considerable decrease. Man- itoba offices reported 2,666 placements, 2,535 within the Province and 30 in other Provinces, as compared with a total of 5,440 during the week pre- vious. Saskatchewan offices reported 2,445 placements, 2,416 within the Province and 29 in other Provinces, as compared with a total of 3,634 during the preceding week. Alberta offices reported 2,400 placements, 11 of which were in another Province, as compared with a total of 2,136 dur- ing the previous week. Placements reported by British Columbia offices totalled 1,365, of which 1,423 were within the Province and 440 in other Provinces, as compared with a total of 1,404 during the week ended August 21.

VANCOUVER ISLAND  
NEWS

## To Secure Grant.

Nanaimo.—Trustee Hodgson is back from Victoria where he has been on behalf of the City School Board to interview the Government with a view of the School Board securing some assistance to change the Agricultural Hall into a High School Building. When called upon by a representative of The Nanaimo Free Press, however, Mr. Hodgson had nothing to say for publication until the matter was placed before the School Board, ex- cept that he had been kindly and courteously received by the Hon. Wm. Sloan and the Hon. Dr. J. D. Mac- Lean, when the matter was gone into thoroughly, and Mr. Hodgson says he has no doubt but that a substantial assistance will be given by the Gov- ernment for that purpose or for a new brick building if so desired should the citizens of Nanaimo do their part.

Victoria.—Cyril Chapter No. 10 of the Royal Arch Masons, as- sisted recently to receive an official visit of Most Excellent Companion E. B. Paul of Victoria, First Grand Prin- cipal of the Grand Royal Arch Chapter of British Columbia. He was accom- panied by Right Excellent Companion Charles J. Parnham, Grand Superin- tendent of District No. 1.

After inspecting the work of the local chapter, Most Worshipful Com- panion E. B. Paul delivered a very able and inspiring address to the com- panions on "The Symbols of Royal Arch Masonry."

Past Grand Director of Ceremonies Very Excellent Capt. A. F. Yates, of Nanaimo, addressed the craft on the secret work of the Royal Arch degree.

Excellent Commander Smith, of the Cameos Chapter, of Victoria, was also present.

Very Excellent Commander Dr. G. G. MacNaughton was installed as Grand Steward.

A large number of visitors came to Cumberland to take part in the event, including Companions of the Key- stone Chapter of Nanaimo, and Chap- ters of Victoria and Vancouver.

Mining District Exhibit.

Duncan: Glenora, with a total score of 2,786 out of a possible 3,750, comes in first in the district exhibits at the annual exhibition of the Cow- ichan Agricultural Society, with Westholm coming a fairly close sec- ond with 2,739 points; Somers third with 2,739 points; and Cowichan Cen- tral taking fourth place with 2,717 points.

Fine Town Development.

Nanaimo: A wide driveway, with a central boulevard, parking spaces off the driveway, rest room, gas filling station, Board of Trade office with a large assembly room, all set in the

midst of tasteful lawns and flower beds, are outlined by A. G. Daisell, of Vancouver, in a letter to The Na- naimo Herald, the logical use of the ravine whose hitherto boggy bot- tom is now filled up.

The writer does not advocate it as a camping site, but as an attractive park area for visitors, as well as citi- zens, and a relief for the congested traffic on Commercial Street. He points to the transformation of the mud flat of Victoria, where now stands the Empress Hotel and its gardens, and to Stranford, Ontario, which made a beautiful lake and park out of a frog pond.

An appeal is made to the citizens to utilize the natural scenic advan-

ages of Nanaimo in view of the con- stantly increasing crowds of tourists, who will naturally seek out the Is- land City as the centre of Vancouver Island.

## City Manager.

Nanaimo: The question of a city manager for Nanaimo will be dis- cussed by the City Council in com- mittee of the whole, when the request from the G. W. V. A. that the city adopt the recent amendments to the Municipal Act will also be con- sidered.

## Chooses Delegate.

Port Alberni: The local City Council at its meeting appointed Mayor Exton as a delegate to the Convention of Municipalities to be

held at Nelson, B. C. Mr. Blandy, city clerk, was appointed a delegate at a previous meeting. It was decided by the Council to take no definite ac- tion in regard to the governing board of control, but give the delegates a free hand in the matter.

## G.A.U.V. Branch.

Duncan.—Messrs. J. L. Miller, R. A. Webb, F. Eyre and H. Richards returned to Vancouver this morning after organizing a branch of the Grand Army United Veterans in Duncan, the new branch starting out with a membership of 20. The meet- ing was addressed by members of the organization from Victoria and Vancouver, the various planks of the

platform being discussed at length. A number of returned men of Lady- smith have requested the organizers of the G.A.U.V. to organize a branch in that city, which will be done as soon as arrangements can be made. A meeting for the pur- pose of organizing a branch in Na- naimo will be held next Tuesday.

## Spoilt by Rain.

Port Alberni.—The Alberni District Fall Fair was held on Sept. 16, and proved to be a success even though it rained all day. Many people had poultry and stock entered but de- cided not to show because of the rain, but the exhibits of vegetables,

fruits and domestic science were very fine.

## New Sawmill.

Merville.—The starting up of the Erskine & May sawmill is impatiently awaited, as construction in the settlement is being held up. All the machinery has now arrived and it is confidently expected that the mill will be in operation by the end of the month. The mill will be situated on John Mitchell's place on the Island Highway, beyond the centre of the Merville settlement.

## Church Music.

Nanaimo.—St. Andrew's Church Hall was filled last evening to hear Rev. Alex. McMillan, D.D., of Tor-

onto, speak on the birth and develop- ment of modern hymnody. Dr. Mc- Millan, as secretary of the General Assembly's Committee on Church Praise is visiting the Island congre- gations of the Presbyterian Church after giving a course of lectures to the students of Westminster Hall, Vancouver. At a social reunion of St. Andrew's after the lecture, the visitor addressed its members on their part in church worship.

Remember the long ago when the little girl looked forward to young ladyhood and the time for putting on long skirts?—Nashville Banner.

MUSICAL COMEDY

IS STELLAR ACT

Pantages Act Combines All  
Features That Make Tab-  
loid Production Effective

Beautiful girls are featured at  
Pantages this week in one of the  
most brilliant and extravagant "girl  
shows" that has been presented to  
vaudeville patrons here in many  
months. "Little Cinderella" is the  
title of a sparkling musical comedy  
with two picturesque scenes and  
lavishly supplied with all the little  
features that go to make up an ef-  
fective tabloid offering.

William Brandell is a producer who  
doesn't mind spending a lot of money  
if he gets good results, and "Little  
Cinderella" is an example of the best  
results. Eva La Rue, a buyom,  
good-natured and funny comedienne,

AMUSEMENTS TO-DAY

Princess—"The Wolf."

Pantages—Vaudeville.

Columbia—"Six Feet Four."

Variety—"Down On the Farm."

Romano—"The Teeth of the Tiger."

Royal Victoria—"The Slim Princess."

Dominion—"The Copper Head."

The Criterion—Belmont House.

Is the star of the cast, and then there are Ina Mitchell and Truman Stanley, as well as a beauty chorus of ten, wonderfully gowned. The settings are magnificent. During the act the following tuneful melodies are introduced: "It was Fate," "Here's Just the Thing," "Just do it Different," "It's the Gown" and "Cinderella," all catchy things that go with a punch.

Arthur Stiller and Eva North appear in the special added attraction. Their popular skit "Bashfoolery" has given them an opportunity of adding to their reputation as first-class comedy entertainers. The general outline of the sketch is similar to the one presented by the couple before, but has been rewritten and many new laughs have been put into it.

Nora Jane and Company present some "class dancing," an original series of artistic dances. The two principals are past masters in the repertory art and their offering is replete with action, the background to the act being unusually effective.

"Punchkleepe" is the title of an uproarious comedy playlet offered by Herbert E. Denton and Company. The dialogue is smart, snappy and homely. Miss Alice Walsh, a charming actress, is Mr. Denton's principal supporter in the act. The play has many amusing situations such as to appeal to everyone.

Silvia Filbert and Lillian Gray give a dainty and interesting act in which they sing a selection of popular and classical songs.

Another sensational episode in "Trailed by Three," the Pathe serial, completes the programme.

COLUMBIA

If you haven't yet been to the Columbia Theatre to see William Russell in his latest six-reel American special, "Six Feet Four," don't fail to put it on your list for to-day. This

is the final day of its showing. Ever since Monday "Six Feet Four" has been delighting Columbia audiences, who are unanimous in declaring it far and away the biggest and most dramatic screen production they have seen this year. "Big Bill" Russell—who, of course, is the intrepid "Six Feet Four" himself—not only acts to perfection the dramatic drama of the play, but performs thrilling feats of horsemanship, wrestling and marksmanship, doing it all in that easy, graceful, which labels him the splendid all-round athlete he is. The added attraction is William Duncan in "Smashing Barriers."

VARIETY

The "gloom-bug" which has infected the pessimists for years and years is sure to be destroyed if Mack Sennett, the comedy king, has his way. He has been spending the better part of his "young life" finding ways and means by which this infection can be destroyed and with each of his big special productions his does come nearer and nearer. The real "gloom" dispeller is at last found in his latest five-reel, "Down on the Farm," which is released by United Artists, and is at the Variety Theatre to-day. Sennett, when he first began to hunt the remedy was in despair, for he found that most people were pessimists, but he has gradually changed his ideas of laugh into their beings so that he now has a following that numbers more than thirty millions, and with each getting at least a thousand laughs out of his latest sensation, the thirty billion laughs should have at least some effect on the populace.

## STORY OF "THE WOLF" IS POWERFUL DRAMA

Princess Presents Tale of the  
Northern Wilds; Laughter  
Pathos Intertwine

Tonight at the Princess Theatre can be seen the powerful drama of the great Northwest entitled "The Wolf" and there is nothing lacking in the production from scenic effects to acting, everything has been done to make this beautiful play a success, and the patrons of the Princess are due for a big treat this week.

There is something doing every moment in this splendid play, the romance of the great north woods hovers over all the action from the rise to the fall of the curtain. There are many big moments in the lighter moments, and the heavier scenes are bound to appeal to everyone, so full are they of real heart interest.

Miss Page will be seen as Hilda, a young girl who has been kidnapped by a man who makes her life a burden.

Byron Alden is appearing as Jules, a sunny-hearted French-Canadian, who dares all things for love and justice.

The whole cast is well suited to the different players and "The Wolf" promises to be one of the most delightful productions of the season.

## MABEL NORMAND IN BRIGHT COMEDY

Royal Will Present To-night

"The Slim Princess," From

a Musical Comedy

"The Slim Princess," adapted from George Ade's musical comedy success, featuring Mabel Normand, will be the attraction at the Royal Victoria Theatre for the first time to-night. It has an hilarious plot, travelling at high speed in a colorful and fantastic atmosphere, and gives the star a role in which her adroitness and keen sense of humor are made her famous in other productions. Everyone who is acquainted with literature is familiar with the name of George Ade, and "The Slim Princess" when first produced by him as a musical comedy was considered as one of his best works. Without doubt, Victor Schertzinger has adopted the right course in producing the Ade play. The tempo all the way through is broad farce which fits in with the famous Ade titles used. As a production the picture ranks high, and the settings are excellent.

## SPLENDID CATTLE COMPETE FOR AWARDS AT WILLOWS SHOW

Farmers of Western Canada Display Choicest Stock; Blue Ribbon Winners

Through all the pages of history ownership of sleek cattle has been synonymous with wealth, and the display of magnificent animals gathered together, in the well designed cattle building at the Willows, by the British Columbia Agricultural Association is an emphatic advertisement of the prosperity and well being of the farmers of Western Canada in general and British Columbia in particular.

The airy, well ventilated cattle building houses herded rows of splendid milk and beef animals, with wide passages between the stalls and every convenience for handling and feeding the beasts. It is constantly remarked by urban visitors that preconceived notions of what a stable is like have been completely upset, the white walls and stalls, with the clean bedding underneath, being an object lesson on what is practical and economical in stable operation.

### Splendid Animals.

The animals are stabled by classes, the Holstein entries making a handsome sight with their black and white markings. Some cows with nationwide reputations as heavy milk producers are included in the show, and much attention has been paid to a number of the bulls shown, these being of great size for dairy breeds of cattle.

The Ayrshire stalls are well filled with sleek dun and white patched cattle, and a surprising showing of support from skilled cattlemen cause many inquiries as to the points of merit which have brought the breed into such strong favor.

The gentle Jersey is also strongly represented in the milk breeds, there being some ideal specimens of the breed in the show, with cows of wonderful butterfat record and bulls of the ideal type of sire.

### Perfect Beef Types.

In the heavy beef cattle classes there are some champion bulls which have carried off blue ribbons all over Canada and at many shows in the United States. One perfect animal of such size and commanding appearance as to dominate the whole display, has won an array of blue ribbons that attract a constant throng of admirers, and a constant succession of inquiries keep the herd attendants busy explaining his points and merits.

While most of the entries at the show are from British Columbia farms, there are many herds representing the Prairie Provinces, and the importance of the Victoria show, in the minds of the up-to-date cattlemen of Canada, is well brought home by the support which it has received from the farmers of Alberta and Saskatchewan.

### Awards Made.

The judging of several classes took place yesterday, and the balance of the awards will be made to-day. Some awards already made are as follows:

### LIVESTOCK.

#### GOATS.

Reg. Purebred Class C-1. Anglo-Nubian.  
Doe, born last year—1 and 2, Mrs. J. D. Phillips.

#### Saanen.

Bucks, previous to last year—1 and champion, H. W. Barker.  
Doe, previous to last year—1 and 2, H. W. Barker.  
Doe, which kidded first time—1 and 2, H. W. Barker.  
Doe, born last year—1 and 2, H. W. Barker.  
Doe, born this year—1 and 2, H. W. Barker.  
Doe, champion—1, H. W. Barker.

#### Toggenburg.

Bucks, previous to last year—1, H. W. Barker; 2, G. H. S. Cowell.  
Bucks, born last year—1, F. Wright.  
Bucks, born this year—1, F. Wright; 2, H. W. Barker.  
Bucks, champion—H. W. Barker.  
Doe, previous to last year—1, H. W. Barker; 2, H. W. Barker; 3, F. J. Whitley.  
Doe, which kidded first time—1, H. W. Barker; 2, H. W. Barker; 3, F. Wright.  
Doe, born last year—1, H. W. Barker; 2, J. J. Tuplin.  
Doe, born this year—1, H. W. Barker; 2, J. J. Tuplin.  
Doe, champion—H. W. Barker.

#### Foundation Stock.

Saanen.  
Doe, previous to last year—1, H. W. Barker; 2, Miss E. T. Giles; 3, H. C. Eoster.  
Doe, which kidded first time—1, H. W. Barker.  
Doe, born last year—1, 2 and 3, H.

Honey, white, ten 12-oz. jars—1, W. J. Savory.  
Honey, amber, ten 12-oz. jars—1, W. J. Savory.  
Honey, white, twenty 12-oz. jars—1, W. J. Savory.  
Honey, amber, twenty 12-oz. jars—1, W. J. Savory.  
Honey, white, fifty 12-oz. jars (double prize list)—1, W. J. Savory.  
Honey, amber, fifty 12-oz. jars (double prize list)—1, W. J. Savory.  
Honey in comb, 14 sections—1, W. J. Savory.

Beeswax, not less than 3 lbs. (one-half prize list)—1, W. J. Savory.

**CLASS L. BEES**  
Italian Bees, in observatory hive—1, W. J. Savory.

**CLASS M. WATER COLORS AND CRAYONS**  
Professionals.  
Landscape or marine—1, A. H. Parker.

**CLASS M. WATER COLORS**  
Amateurs.  
Landscape or marine—1, Mrs. J. T. Higgins; 2, John Shears.  
Still life, fruit, flowers, etc., from nature—1, Mrs. J. T. Higgins.

**MISCELLANEOUS**  
Amateurs.  
Design for given spaces—1, Mrs. O. St. P. Aitkens.  
Design for border—1, Mrs. O. St. P. Aitkens.

**CHINA-PAINTING**  
Amateurs.  
Best 1/2 dozen cups and saucers or plates—1, Miss A. Straith.  
Best ornamental piece—1, Miss A. Straith; 2, Miss I. Munro.  
Best collection—1, Miss A. Straith; 2, Mrs. Bertha Downes.

**CLASS M. MISCELLANEOUS**  
Amateurs.  
Silverware work—1, Miss Gladys E. Hallwright; 2, Miss Gladys E. Hallwright.  
Children (Boy or Girl) Under 16.  
Drawing shaded (no color)—1, Albert McIntosh.

**CLASS M. PHOTOGRAPHY**  
Amateurs Only.  
Portraiture, not less than six prints—1, J. E. Matthews; 2, Lewis R. Murray.  
Landscapes, not less than six prints—1, J. E. Matthews; 2, Jonathan C. Slater.  
Marine views, not less than six prints—1, Louis R. Murray; 2, Mrs. J. E. Matthews.  
Cloud effects, not less than six prints—1, Louis R. Murray.  
Enlargements, not less than three prints; also showing original size—1, Louis R. Murray.  
Flashlights, not less than six—1, Louis R. Murray.  
Animal studies, not less than six—1, Louis R. Murray.  
Moonlight effects, not less than six—1, Louis R. Murray.

**CLASS R. KINDERGARTEN**  
Miscellaneous—Pupils Under 16.  
For drawing, freehand—1, Albert McIntosh.  
For drawing, geometrical—1, Albert McIntosh.

**IS ON WAY HOME FROM CALIFORNIA**  
Dr. Peter Bryce Spends Few Hours in City, Following Convention

Dr. Peter H. Bryce, of Ottawa, Medical Officer of the Federal Immigration Service, arrived in the city Sunday, and has left again for Vancouver. Dr. Bryce is returning from the Fifteenth American Public Health Officers' Association conference at San Francisco, of which he has been an active member and office holder since 1914 with the record of having missed only two meetings. He has been medical chief of the immigration service for the past sixteen years.

Matters of international importance from a public health viewpoint were considered and discussed at the conference, said Dr. Bryce, delegates from Canada, United States, Mexico and Cuba attending.

One of the chief points of discussion was the immediate importance of food supplies from public health principles. Dr. Bryce, who presented the most vitally important of all food problems for the future of the race. Discussion revealed statistics showing that while population of cities in America were increasing enormously, rural population was not. Milk production instead of increasing was steadily decreasing everywhere, it was said. The lessened rural population confronted the dairy farmer with the necessity of "slaving" himself and his family because of the dearth of farm help.

Dr. Bryce took the line of recognition of milk as a public utility, protected and served by municipal machinery. He cited Wellington, New Zealand, as a city which ten years ago solved its local milk problem in a municipal and satisfactory way. Within very few hours of its arrival in Wellington, the milk supply passed through the temperature and quality tests of municipal inspectors. Distribution was then made possible in the quickest manner, with no waste of time or duplication.

To Regain a Healthy, Girlish Complexion

If you would have a clear, fresh, girlish complexion, one ounce of ordinary medicated wax will aid you in this direction more than shelves full of cosmetics. It produces a natural beauty. This wax, procurable at any drug store, completely absorbs a bad complexion, revealing the healthy young skin underneath. Its work is so gradual, day by day, that no inconvenience is caused. The wax is applied at night, like cold cream, and removed in the morning with soap and water.

Another valuable rejuvenating treatment—this for wrinkles—is to bathe your face in a solution of powdered raxolite, one ounce, dissolved in a half pint of witch hazel. This has a remarkable action in smoothing out the lines and "firming up" the loose tissues.

W. J. Savory.

### NATURAL HISTORY.

Comparative exhibit of birds of B.C.—1, Mrs. J. H. Staveley.  
Best amateur collection of butterflies—1, M. Hinkman.

**CLASS M. OIL COLORS (Original)**
